## TARIFF FORMAT

- A. Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.
- B. Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the South Carolina PSC. For example, the 4th revised Page 14 cancels the 3rd revised Page 14. Consult the Check Page for the page currently in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
  - 2.1.
  - 2.1.1.
  - 2.1.1.A.
  - 2.1.1.A.1.
  - 2.1.1.A.1.a.
  - 2.1.1.A.1.a.(1).
  - 2.1.1.A.1.a.1.(i).
  - 2.1.1.A.1.a.1.(i).(1).
- D. Check Pages - When a tariff filing is made with the South Carolina PSC, an updated Check Page accompanies the tariff filing. The Check Page lists the pages contained in the tariff, with a cross reference to the current revision number. When new pages are added, the Check Page is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (\*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some pages.)

Issue Date: June 18, 2008

Effective Date: July 18, 2008

**LOCAL EXCHANGE SERVICES TARIFF**

---

**SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS**

**Access Line** - An arrangement which connects the Customer's location to a Company switching center or point of presence.

**Account Codes** - Optional, Customer-defined digits that allow the Customer to identify the individual user, department or client associated with a call. Account Codes appear on the Customer bill.

**Authorized User** - A person, firm, corporation, or any other entity authorized by the Customer to communicate utilizing the Company's service.

**Business Service** - Service provided under this tariff where the use of the service is primarily or substantially of a business, professional, institutional or otherwise occupational nature, or where the listing required is such as to indicate business use. Individual lines terminated at a private residence location for residence subscribers desiring to conduct business from their home where a business listing is not employed in the telephone directory is not considered Business Service.

**Commission** - South Carolina Public Service Commission.

**Company** - **tw telecom of south carolina llc**

**CPE** - Customer Premises Equipment.

**Customer** - The person, firm, corporation or other entity which orders, cancels, amends or uses service and is responsible for payment of charges and compliance with the Company's tariff.

**Dedicated Access** - See Special Access.

**End User** - Any person, firm, corporation, partnership or other entity which uses the services of the Company under the provisions and regulations of this tariff. The end user is responsible for payment unless the charges for the services utilized are accepted and paid by another Customer.

**Equal Access** - The ability of the Company to serve end users on a presubscribed basis rather than through the use of dial access codes.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

LOCAL EXCHANGE SERVICES TARIFF

---

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS, (CONT'D.)

Holidays - Holidays observed by the Company as specified in this tariff.

IBL - Integrated Business Line Service.

ICB - Individual Case Basis. Any resulting agreement will be made available to ORS upon request.

Integrated Business Line Service (IBL) - Service provided to qualified Customers that allows grouping of rate components to meet a Customer's specific needs.

LATA - Local access and transport area. A geographic area established by the US District Court for the District of Columbia in Civil Action No. 17-49, within which a local exchange Company provides communications services.

LEC - Local Exchange Company.

Off-Net - Services provided by the Company that are carried in part on the Company's network.

On-Net - Services provided by the Company that are carried entirely on the Company's network.

ORS – South Carolina Office of Regulatory Staff.

Premises - A building or buildings on contiguous property.

Special Construction - Service configurations specifically designed and constructed at a Customer's request.

TBD - To Be Determined.

VersiPak® - Service provided to qualified Customers that allows grouping of rate components to meet a Customer's specific needs.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.2 Limitations

- 2.2.1 Service is offered subject to the availability of the necessary facilities and equipment, and subject to the provisions of this tariff. The Company has the right to limit the manner in which any portion of its telecommunications network ("Network") is used to protect the technical integrity of the Network.
- 2.2.2 The Company reserves the right to discontinue or limit service or impose requirements as required to meet changing regulatory requirements, or when such requirements have a material adverse economic affect on the feasibility of providing service, as determined by the Company in its reasonable judgment, or when necessitated by conditions beyond its control, or when the Customer is using service in violation of provisions of this tariff, or in violation of the law.
- 2.2.3 The Company does not undertake to transmit messages, but offers the use of its facilities when available, and will not be liable for errors in transmission or for failure to establish connections.
- 2.2.4 All facilities provided under this tariff are directly or indirectly controlled by the Company and the Customer may not transfer or assign the use of service or facilities without the express written consent of the Company. Such transfer or assignment shall only apply where there is no interruption of the use or location of the service or facilities.
- 2.2.5 Prior written permission from the Company is required before any assignment or transfer. All regulations and conditions contained in this tariff shall apply to all such permitted assignees or transferees, as well as all conditions of service.
- 2.2.6 Service is furnished on the condition that it will be used only for authorized and lawful purposes.
- 2.2.7 The Company will not be in default hereunder for any failure or delay in performance caused by strike or other labor problems, power fluctuations, surges or failures, acts of God, fire, flood, adverse weather conditions, cable cuts, ordinances, laws, rules, regulations or restrictions, condemnation or exercise of eminent domain rights, war or civil unrest or disorder or any other causes beyond the Company's reasonable control ("Force Majeure Event").

Issue Date: June 18, 2008

Effective Date: July 18, 2008

LOCAL EXCHANGE SERVICES TARIFF

---

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.3 Use

Services provided under this tariff may be used for any lawful purpose for which the service is technically suited.

2.4 Liabilities of the Company

2.4.1 The liability of the Company for direct damages or personal injury caused by its willful misconduct or gross negligence which is the sole legal cause of damage or injury is not limited by this tariff. With respect to any other claim or suit, by a Customer or by any others, for damages associated with acts or omissions involving initiation, installation, provision, moving, changing, termination, maintenance, repair, errors, omissions, delays, interruption or restoration of any service or facilities offered under this tariff, the Company's liability, if any, is limited to 1/30 of the monthly charge for service affected for each 24-hour period during which such failure of service occurs and is reported to or known by the Company. In addition, Customer credits for interrupted service will be issued, where applicable, in accordance with the provisions of Section 2.13.

2.4.2 In no event will the Company be responsible for consequential damages or lost profits suffered by the Customer.

2.4.3 The Company is not liable for any act or omission of any other company or companies furnishing a portion of the service which service or equipment is related to the Service supplied by the Company, but is not furnished by the Company. No agents or employees of other carriers shall be deemed to be agents or employees of the Company.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.4 Liabilities of the Company, (Cont'd.)

2.4.4 The Company shall be indemnified and held harmless by the Customer against:

- A. Claims for libel, slander, infringement of copyright or unauthorized use of any trade mark, trade name or service mark arising out of the material, data, information, or other content transmitted by the Customer over the Company's facilities;
- B. Claims for patent infringement arising from combining or connecting the Company's facilities with apparatus and systems of the Customer;
- C. All claims of any kind by Customer's end users; and
- D. All other claims (including, without limitation, claims for damage to any business or property, or injury to, or death of, any person) arising out of any act or omission of the Customer in connection with any service provided by the Company.

2.4.5 The Company will make no refund of over-payments by a Customer unless the claim for such overpayment is submitted as specified in Section 2.7.1 below.

2.4.6 The Company reserves the right to discontinued service, limit service, or to impose requirements on Subscribers or Customers as required to meet changing regulations, rules or standards of the South Carolina Public Service Commission.

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.5 Equipment

- 2.5.1 The Company's facilities and service may be used with or terminated in Customer-provided terminal equipment or Customer-provided communications systems, such as a telephone set, PBX or key system. Such terminal equipment shall be furnished and maintained at the expense of the Customer, except as otherwise provided. The Company shall have no obligation to install, maintain, repair or operate Customer-provided equipment. The Customer is responsible for all costs at its premises, including personnel, wiring, electrical power, and the like, incurred in the use of the Company's service. When such terminal equipment is used, the equipment shall comply on a continuing basis with technical specifications established by the Company. In the event that the Company, in responding to a Customer-initiated service call, determines that the cause of such service call is a failure, malfunction or inadequacy of Customer-provided equipment, the Customer shall compensate the Company for such service call at the Company's then prevailing rates.
- 2.5.2 Other than the facilities, termination equipment or channel derivation equipment provided by the Customer, the Company will provide, install, and maintain, repair, operate and control any equipment, cable or facilities associated with or connected with its network. Unless otherwise provided, the Company is responsible for purchasing such equipment and such equipment remains the property of the Company. The Customer is responsible for any loss or damage to such equipment arising out of the negligent or willful act of the Customer or its agents, employees, or authorized users.

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.6 Installation and Termination

- 2.6.1 Service is installed upon mutual agreement between the Customer and the Company. The service agreement does not alter rates specified in this tariff.
- 2.6.2 If the Customer wishes to delay the requested due date, the Customer must notify the Company, in writing, at least 72 hours prior to the original requested due date. The Customer shall pay the Company for any third party charges incurred by the Company to meet the original due date prior to receipt of such notice. When accepting service, the Customer may not alter the completion date entered on the Service Acceptance form to delay the commencement of billing.
- 2.6.3 The Company may terminate Service if the Customer's material breach is not corrected within thirty (30) days of written notice thereof. Termination for any reason shall not relieve the Customer of liability incurred prior to termination. If the Customer terminates Service(s) prior to the end of the term, the Customer's termination liability shall be 100% of the monthly recurring charges for the remaining term of the Service(s). The Company reserves the right to impose termination charges at a higher rate than stated hereunder if the Company incurs unusually high capital costs to provide or remove Service(s) to or from the Customer's location. The Company also reserves the right to assess any documented charges from a third party that are directly associated with the Customer's request to terminate service.
- 2.6.4 Upon expiration of a term contract, the service term will renew automatically at the same terms and conditions for successive one-year terms unless either party notifies the other 30 days prior to the expiration of the then current term that it wishes to terminate the service.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.7 Payment and Credit Regulations

## 2.7.1 Payment Arrangements

The Customer is responsible for payment of all charges for services and equipment furnished to the Customer for transmission of calls via the Company. The Customer agrees to pay to the Company any cost(s) incurred as a result of any delegation of authority resulting in the use of his or her communications equipment and/or network services which result in the placement of calls via the Company. The Customer agrees to pay the Company or its authorized agent any and all cost(s) incurred as a result of the use of the service arrangement, including calls which the Customer did not individually authorize.

The Customer is responsible for usage charges, damages and loss resulting from the unauthorized or fraudulent use by the Customer, its agents, employees or third parties, of the services provided hereunder if such charges, damages or loss results from the failure, malfunction, inadequacy or failure to properly secure Customer-provided equipment.

Billing for Services begins on the date the Company notifies the Customer that Service has been installed and tested by the Company and is available for the Customer's use ("Service Date"). Charges for Services, including applicable federal, state, and local taxes, will be billed in advance, except for charges based on usage, which will be billed one month in arrears. Charges are due within thirty (30) days from the date of the bill, but in no event later than the commencement of the next billing period.

The Company reserves the right to deny a request for additional services or restoration of services unless and until the Customer's account is in current status.

Objections to billed charges must be reported to the Company within 120 days of receipt of billing. Any claim not filed within this time period shall be deemed waived. Claims must include all supporting documentation and may be submitted online at <http://Customers.twtelecom.com/disputes/> or by telephone at 1-800-565-8982. The Company shall make adjustments to the Customer's invoice to the extent that circumstances existing which reasonably indicate that such changes are appropriate. Any unresolved disputes may be forwarded to the ORS Consumer Services Division, at 1441 Main Street, Suite 300, Columbia, SC 29201.

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.7 Payment and Credit Regulations, (Cont'd.)

## 2.7.1 Payment Arrangements continued

Charges for installations, service connections, moves, and rearrangements, and other engineering services performed by the Company, where applicable, are payable upon demand by the Company or its authorized agent. The billing thereafter will include recurring charges and actual usage as defined in this tariff.

The Customer shall be responsible for all calls placed by or through the Customer's equipment by any person. In particular and without limitation to the foregoing, the Customer is responsible for any calls placed by or through the Customer's equipment via any remote access features. The Customer is responsible for all calls placed via their authorization code as a result of the Customer's intentional or negligent disclosure of the authorization code.

Upon termination of service for any reason, of this tariff, all amounts due from the Customer to the Company, including, but not limited to, charges for services rendered and termination liability as provided in this tariff, shall become immediately due and payable by the Customer.

## 2.7.2 Deposits

The Company reserves the right to require a deposit as a condition to the initial provision of Services or as a condition to the continued provision of Services, as provided in South Carolina Regulation 103-621.

## 2.7.3 Advance Payments

The Company reserves the right to require advance payment prior to providing service in order to safeguard its interests. The advance payment will not exceed an amount equal to one (1) month's estimated billing, upon which the advance can be collected and subsequently rebilled. An advance payment may include an amount equal to the estimated nonrecurring charges and recurring charges for a period to be set between the Company and the Customer. The advance payment will be credited to the Customer's next bill. Advance payments do not accrue interest. An advance payment may be required in addition to a deposit.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.7 Payment and Credit Regulations, (Cont'd.)

## 2.7.4 Taxes and Surcharges

The Company reserves the right to bill any and all applicable taxes, surcharges and fees, including, but not limited to: Federal Excise Tax; State Sales Tax; Municipal Taxes; Gross Receipts Taxes; and any taxes, surcharges, fees, charges or other payments, contractual or otherwise, for the use of public streets or rights-of-way, whether designated as franchise fees or other payments, contractual or otherwise, for the use of public streets or rights-of-way, whether designated as franchise fees or otherwise. As permitted by law, the Company will recover from its Customer any such charges assessed directly against the Company. The Company will also bill the Customer the State Universal Service Charge and the Dual Party Relay Service Access Charge as approved by the South Carolina Public Service Commission. Such taxes and surcharges will be itemized separately on Customer invoices or billing detail report.

## 2.7.5 Late Payment Charge and Cost of Collection

A late fee, not to exceed the rate allowed per South Carolina Regulation 103-622.2, will be charged on any Company billed past due balance. In the event that the Company incurs fees or expenses, including attorney's fees, collecting or attempting to collect, any charges owed to the Company, the Company may charge the Customer all such fees and expenses reasonably incurred.

## 2.7.6 Returned Item Charge

A charge consistent with SC Code Ann Section 34-11-70(a)(3) will be assessed for any check or other form of payment returned by the drawee bank or other financial institution for insufficient or uncollected funds, closed account, apparent tampering, missing signature or endorsement, or any other insufficiency or discrepancy necessitating return of the instrument at the discretion of the drawee bank or financial institution. This charge will be assessed in addition to any charges assessed by the drawee bank or any other financial institution.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.8 Cancellation by Customer

Unless a Customer has purchased service under a term agreement plan, the service may be cancelled at any time by contacting the Company. The minimum service period for service not furnished under a terms plan for which monthly charges apply is thirty days. The Customer must provide proper identification when ordering or canceling service. Service order cancellation charges (Section 2.19) and/or termination liability charges (Section 2.6.3) will apply.

## 2.9 Interconnection

Service furnished by the Company may be connected with the services or facilities of other carriers. Such service or facilities, if used, are provided under the terms, rates and conditions of the other carrier or by applicable interconnection agreements. The Customer is responsible for all charges billed by other carriers for use in connection with the Company's service. Any special interface equipment or facilities necessary to achieve compatibility between carriers is the responsibility of the Customer.

---

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.10 Refusal or Discontinuance by Company

The Company may refuse or discontinue service under the following conditions and in accordance with South Carolina law and regulations. Unless otherwise stated, the Customer will be given five (5) days written notice and allowed a reasonable time to comply with any rule or remedy any deficiency.

- A. For non-compliance with and/or violation of any State or municipal law, ordinance or regulation pertaining to telephone service.
- B. For the use of telephone service for any other property or purpose other than that described in the application.
- C. For failure or refusal to provide the Company with a deposit to insure payment of bills in accordance with the Company's regulations or failure to meet the Company's credit requirements. (See Section 2.7.2).
- D. For neglect or refusal to provide reasonable access to the Company for the purpose of inspection and maintenance of equipment owned by the Company.
- E. For non-compliance with and/or violation of the Commission's regulations or the Company's rules and regulations on file with the Commission, provided five (5) working days written notice is given before termination.
- F. For non-payment of bills for telephone service. Suspension or termination of service shall not be made without five (5) working days written notice to the Customer, except in extreme cases.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.10 Refusal or Discontinuance by Company, (Cont'd.)

- G. Without notice in the event of Customer use of equipment in such a manner as to adversely affect the Company's equipment or the Company's service to others.
- H. Without notice in the event of tampering with the equipment furnished and owned by the Company.
- I. Without notice in the event of unauthorized or fraudulent use of service. Whenever service is discontinued for fraudulent use of service, the Company, before restoring service, may require the Customer to make, at his own expense, all changes in facilities or equipment necessary to eliminate illegal use.
- J. For failure of the Customer to make proper application for service.
- K. For Customer's breach of the contract for service between the Company and the Customer.
- L. When necessary for the Company to comply with any order or request of any governmental authority having jurisdiction.
- M. For any other reason cited in South Carolina Regulation 103-625.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.11 Inspection, Testing and Adjustment

Upon reasonable notice, the facilities provided by the Customer shall be made available to the Company for tests and adjustments as may be deemed necessary by the Company for maintenance. No interruption allowance will be granted for the time during which such tests and adjustments are made when the interruption is less than twenty-four consecutive hours. Records will be retained with date, time, duration and reason for testing and made available to the ORS upon request.

2.12 Tests and Contests

The Company may conduct special tests and contests at its discretion to demonstrate the ease of use, quality of service and to promote the sale of its services.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.13 Service Level Standards and Credit Allowances for Interruption of Service

## 2.13.1 Service Level Standards for Local Exchange Services

The Company offers the following service level standards for voice services

<u>Criterion</u>	<u>Definition</u>	<u>Standard</u>
Dial Tone Delay	The specific time between Customer's going off-hook and the receipt of dial tone from the service telephone central office	2.0 seconds maximum
Post Dial Delay	The time from when the last digit is dialed to the moment the phone rings at the receiving location	2.0 seconds maximum
Noise	Unwanted electrical signals introduced into the telephone lines by circuit component or natural disturbances which tend to degrade the performance of the line.	17 dBmC maximum
Signal Loss	The diminishment of the signal level strength resulting in decay and quality of the call and signaling	3 dB maximum
Minimum Loop Current	Minimum level of current between the originating and terminating locations of a call required to support accurate signaling on the call.	23 mA

Issue Date: June 18, 2008

Effective Date: July 18, 2008

---

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.13 Service Level Standards and Credit Allowances for Interruption of Service, (Cont'd.)

## 2.13.1 Service Level Standards for Local Exchange Services, (Cont'd.)

<u>Criterion</u>	<u>Definition</u>	<u>Standard</u>
Grade of Service	The probability that an attempted call will receive a busy signal, expressed as a decimal fraction. This factor is applicable only to the Company's network and not to any portions of the underlying network provided by another telephone service carrier.	P.01 or better
Change of Resp Org	The transition of management and administration of a Customer's 8XX telephone number records in the 8XX Service Management System. This standard is applicable when a Customer transfers 8XX telephone number service from one carrier to another.	10 days maximum

## 2.13.2 Credit for Interruptions

Interruptions in service, which are not due to the negligence of, or non-compliance with the provisions of this tariff by the Customer, or the operation or malfunction of the facilities, power, or equipment provided by the Customer, will be credited to the Customer as set forth below for the part of the service that the interruption affects. A credit allowance will be made when an interruption occurs because of a failure of any component furnished by the Company under this tariff provided that the Customer has opened a trouble ticket by reporting the interruption to the Company's network operations center. The issuance of credits pursuant to this section shall be the Customer's sole remedy for service interruption claims.

- A. An interruption period begins when the Customer reports a service, facility, or circuit to be interrupted and releases it for testing and repair. An interruption period ends when the service, facility, or circuit is operative. If the Customer reports a service, facility, or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.
- B. For calculating credit allowances, every month is considered to have 30 days. A credit allowance is applied on a pro rata basis against the rates specified hereunder and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

---

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.13 Service Level Standards and Allowances for Interruptions in Service, (Cont'd.)

## 2.13.2 Credit for Interruptions, (Cont'd.)

## C. "Interruption" Defined

For the purpose of applying this provision, the word "interruption" shall mean the inability to complete calls either incoming or outgoing or both due to equipment malfunction or human errors. "Interruption" does not include and no allowance shall be given for service difficulties such as slow dial tone, circuits busy or other network and/or switching capacity shortages. Nor shall the interruption allowance apply where service is interrupted by the negligence or willful act of the subscriber or where the Company, pursuant to the terms of the tariff, suspends or terminates service because of nonpayment of bills due to the Company, unlawful or improper use of the facilities or service, or any other reason covered by the tariff. No allowance shall be made for interruptions due to electric power failure where, by the provisions of this tariff, the subscriber is responsible for providing electric power. Allowance for interruptions of message or measured rate service will not affect the subscriber's local call allowance during a given billing period.

## D. Credit to Customer

Credits attributable to any billing period for interruptions of service shall not exceed the total charges for that period for the service and facilities furnished by the Company rendered useless or substantially impaired.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

---

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.13 Service Level Standards and Allowances for Interruptions in Service, (Cont'd.)

## 2.13.2 Credit for Interruptions, (Cont'd.)

## E. Calculation of Credit for Service Interruption

The Company guarantees that voice services shall have a minimum service availability of 99.99%. Availability is defined as the time the Company's network is available for processing a telephone call. Upon Customer's request, Company shall credit Customer's invoice for service interruptions of five minutes or more. Credit allowance will be calculated as a percentage of the monthly recurring charge for the affected service(s) as follows:

<u>Length of Interruption</u>	<u>Credit Allowance</u>
More than 5 minutes up to 4 hours	5%
More than 4 hours up to 8 hours	10%
More than 8 hours up to 12 hours	15%
More than 12 hours up to 16 hours	20%
More than 16 hours up to 24 hours	35%
More than 24 hours	50%

## F. Chronic Trouble Service

If two or more trouble tickets have been opened for a particular service in a 30-day period, and the cause of outage is determined to be in the Company's network or system equipment, such service will be deemed a chronic trouble service. If a third trouble ticket is opened on a chronic trouble service within 30 days of the second trouble ticket, the Customer may disconnect the affected service without incurring termination liability.

## G. Major Service Outages

As specified in Carolina Regulation 103-614, any interruption affecting the Company's entire system or major division of a telephone exchange as required under Federal rules and regulations will be kept showing the date, time, and duration of such interruption and shall be forwarded to the ORS.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.13 Service Level Standards and Allowances for Interruptions in Service, (Cont'd.)

## 2.13.3 Limitations on Credit Allowances

No credit allowance will be made for:

- A. interruptions due to the negligence of, or non-compliance with the provisions of this tariff, by any party other than the Company, including but not limited to the Customer, authorized user, or other common carriers connected to, or providing service connected to, the service of the Company or to the Company's facilities;
- B. interruptions due to the failure or malfunction of non-Company equipment, including service connected to Customer provided electric power; in such event, the Company may charge the Customer its then current service call rates;
- C. interruptions of service during any period in which the Company is not given full and free access to its facilities and equipment for the purpose of investigating and correcting interruptions;
- D. interruptions of service during any period when the Customer has released service to the Company for maintenance purposes or for implementation of a Customer order for a change in service arrangements;
- E. interruptions of service due to circumstances or causes beyond the control of the Company.
- F. Force Majeure: Such causes shall include, without limitation, acts of God, fire, flood, adverse weather conditions, explosion, vandalism, cable cut, storm or other similar occurrence, any law, order, ordinance, rule restriction, regulation, direction, action or request of the United States government or any other government or of any civil or military authority, condemnation or exercise of rights of eminent domain, national emergencies, insurrections, riots explosion, vandalism, cable cut, storm or other similar occurrence, any law, order, regulation, direction, action or request of the United States government or of any other government or of any civil or military authority, national emergencies, insurrections, riots, wars, strikes, lockouts or work stoppages or other labor difficulties, supplier failures, shortages, breaches or delays, or preemption of existing service to restore service in compliance with the Commission's Rules and Regulations.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

---

---

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.13 Service Level Standards and Allowances for Interruptions in Service, (Cont'd.)

## 2.13.4 Cancellation for Service Interruption

Cancellation or termination for service interruption is permitted only if any circuit experiences a single continuous outage of 8 hours or more or cumulative service credits equaling 16 hours in a continuous 12-month period. The right to cancel service under this provision applies only to the single circuit that has been subject to the outage or cumulative service credits.

## 2.13.5 Time and Materials Charges

Time and Materials Charges are charges for work performed on the Customer's side of the demarcation or to isolate trouble to the Customer's side of the demarcation point by a Company employee at the Customer's request that are not covered by other charges. Chargeable time is labor which includes, but is not limited to, work preparation, actual work, trouble isolation and clean-up. Material charges are the items required to fulfill the job requirements. Any work required to establish or reestablish network access on the network side of the demarcation point is excluded from time and materials charges.

Included in time and materials charges are initial and additional time and material charges, the trouble isolation charge, the optional testing and monitoring charge and the dispatch charge.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

---

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.14 Special Customer Arrangements and Negotiated Rates

The Company may offer the following special arrangements and negotiated rates to meet a Customer's specific needs. Upon notice to the Customer, the Company may change rates offered pursuant to special arrangement or individual case basis pricing if the provision of service at such rate(s) becomes economically infeasible.

## 2.14.1 Special Customer Arrangements

In cases where a Customer requests special arrangements which may include engineering, installation, construction, facilities, assembly, purchase or lease of facilities, and/or other special services not offered under this tariff, the Company may, at its option, provide the requested service under contract.

## 2.14.2 Negotiated Rates and Competitive Discounts

Customized service packages at Negotiated Rates or Competitive Discounts may be furnished on a case-by-case basis in response to requests by Company's Customers for proposals or for competitive bids. Service offered under this tariff provision will be provided to Customers pursuant to contract.

Competitive Discounts are available to Customers purchasing services with a contract period of 24 months or greater. Competitive Discounts shall not exceed 30%.

Unless otherwise specified, the regulations for such arrangements are in addition to the applicable regulations and prices in other sections of this tariff. Specialized rates or charges will be made available to similarly situated Customers on a nondiscriminatory basis. The Company will consider the following factors when establishing special pricing arrangements: (1) the LATA in which the Customer is located; (2) the horizontal and vertical distance from the central office to the Customer's premises; (3) the availability and location of network facilities; (4) the type of service; (5) the price of the service; (6) the number of lines (circuits) being used; and (7) the length of the contract terms. Negotiated Rate contracts executed by the Company are listed in the Addendum to this tariff.

## 2.14.3 Individual Case Basis (ICB) Arrangements

Arrangements will be developed on a case-by-case basis in response to a bona fide request from a Customer or prospective Customer to provide a service(s) not offered in this tariff. ICB rates will be offered to the Customer in writing and on a non-discriminatory basis.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

---

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.15 Assignment of Service

The Customer may not assign its rights or obligations hereunder without the prior written consent of the Company, which shall not be unreasonably withheld or delayed.

## 2.16 Expedited Due Date Service

## 2.16.1 General

Upon acceptance of the Customer's application for service, the Company will notify the Customer of the timeframe in which service will be installed. When a Customer requests that service be provided in advance of the established service interval, and the Company is able to comply, an Expedited Due Date Service charge will apply.

## 2.16.2 Charges

The charge is applicable per exchange, per request and applies in addition to any normal service and installation charges applicable. The Company reserves the right to assess any documented charges from a third party that are directly associated with the Customer's request to expedite the service order.

## 2.16.3 Limitation of Liability

The Customer indemnifies and saves the Company harmless against any and all claims for damages caused or claimed to have been caused directly or indirectly when an established expedited due date is not met by the Company.

## 2.16.4 Maximum Charges

Nonrecurring Charge

Per Analog, Digital or PBX Trunk or PRI	\$350.00
Per Flex T or Power T	\$500.00

Issue Date: June 18, 2008

Effective Date: July 18, 2008

---

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.17 Trouble Reporting

## 2.17.1 Trouble Ticket

If the Customer encounters a problem with any service after the actual completion date, the Customer must obtain a trouble ticket by calling 1-800-829-0420 for transport services, or 1-888-245-0608 for switched services. The Company will issue a credit for service interruptions, if applicable, in accordance with this tariff. The duration of the problem is determined solely by the date and time the trouble ticket was opened and subsequently closed out as a resolved issue. Credits will not be issued unless a trouble ticket exists for the circuit(s) in question.

## 2.17.2 Time and Materials Charges

Time and Materials Charges are charges for work performed on the Customer's side of the demarcation or to isolate trouble to the Customer's side of the demarcation point by a Company employee at the Customer's request that are not covered by other charges. Chargeable time is labor which includes, but is not limited to, work preparation, actual work, trouble isolation and clean-up. Material Charges are the items required to fulfill the job requirements. Any work required to establish or reestablish network access on the network side of the demarcation point is excluded from Time and Materials Charges.

Included in Time and Materials Charges are Initial and Additional Time and Material Charges, the Trouble Isolation Charge, the Optional Testing and Monitoring Charge and the Dispatch Charge.

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.17 Trouble Reporting, (Cont'd.)

## 2.17.2 Time and Materials Charges, (Cont'd.)

## A. Time and Materials Charge Elements, (Cont'd.)

## 3. Trouble Isolation Charge (TIC)

When a Customer reports a trouble to the Company for repair or trouble isolation and no trouble is found in the Company's facilities and/or network, the Customer shall be responsible for payment of a Trouble Isolation Charge for the period of time from when Company personnel are engaged or dispatched to the Customer's premises to when the work is completed. Trouble isolated to Company facilities and/or network will result in no charge to the Customer.

A Customer is entitled to request Trouble Isolation via a Smart Jack Loop up with a result of no trouble found in the Company network a maximum of 4 instances in any given 30 day period without the assessment of a TIC charge to the Customer. Each request in excess of the maximum 4 requests within 30 days at a single Customer location shall result in a TIC charge. In addition, if the Customer requests additional assistance from Company personnel in isolating the trouble beyond the Smart Jack Loop-up Process a TIC Charge will apply for each such request.

	<u>Maximum Charge</u>
Trouble Isolation Charge	\$250 per occurrence

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.17 Trouble Reporting, (Cont'd.)

## 2.17.2 Time and Materials Charges, (Cont'd.)

## A. Time and Materials Charge Elements, (Cont'd.)

## 4. Optional Testing and Monitoring Charge (OTM)

If, after a Customer report of trouble to the Company, the Customer has been notified that no trouble is found in the Company facilities and/or network, the Customer may request that the Company continue to assist with network testing and/or monitoring or otherwise continue to assist the Customer and/or its vendor. In such instance, the Customer will be assessed additional charges for the period of time from which Company personnel are engaged or dispatched to the Customer's premises to the time when the work is completed.

	<u>Maximum Charge</u>
Optional Testing and Monitoring Charge	\$600 per occurrence

## 5. Dispatch Charge

The Dispatch Charge is a charge per premises visit or series of visits by a Company Field Technician to the Customer's premises for the purpose of performing billable premises work authorized or requested by the Customer or the Customer's authorized representative. The Dispatch Charge may be assessed in addition to all applicable Initial and Additional Time and Materials charges, Trouble Isolation Charge and Optional Testing and Monitoring Charge.

	<u>Maximum Charge</u>
Dispatch Charge	\$100 per occurrence

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.18 Modification of Service order Charge

If the Customer requests a change in the service order after receipt of a firm order confirmation (excluding requests to expedite the due date as provided by Section 2.16 of this tariff), an Modification of Service order Charge will apply. Written requests to delay the due date received less than 72 hours prior to the due date shall not result in the delay of billing monthly recurring charges. The Company reserves the right to assess any documented charges from a third party that are directly associated with the Customer's request to modify the service order.

	<u>Maximum Charge</u>
Modification of Service Order Charge	\$150.00, Per Occurrence

## 2.19 Order Cancellation Charge

If the Customer cancels its order for service prior to the service due date, an Order Cancellation Charge will apply. The Company reserves the right to assess any documented charges from a third party that are directly associated with the Customer's request to cancel the service order.

	<u>Maximum Charge</u>
Order Cancellation Charge	\$150.00 per circuit or 25% of the monthly recurring rate for the cancelled circuit, whichever is higher

## 2.20 Proprietary Information

All prices, terms, or conditions associated with any Service Contract entered into by the Customer are proprietary to the Company. The Customer may not use the Company's service mark, name or logo in connection with the Company's marketing of any service to end users, even where those services include a Service supplied by the Company.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.21 Applicable Law

This tariff is governed by the laws of the State of South Carolina, without regard to its choice of laws provisions.

## 2.22 Automatic Number Identification

2.22.1 The Company will provide Automatic Number Identification (ANI) associated with an intrastate service by tariff to any entity (ANI recipient) only under the following terms and conditions:

- A. The ANI recipient or its designated billing agent may use or transmit ANI information to third parties for billing and collection, routing, screening, ensuring network performance, and completion of a telephone subscriber's call or transaction, or for performing a service directly related to the telephone subscriber's original call or transaction, or for performing a service directly related to the telephone subscriber's original call or transaction.
- B. The ANI recipient may offer to any telephone subscriber with whom the ANI recipient has an established Customer relationship, a product or service that is directly related to products or service previously purchased by the telephone subscriber from the ANI recipient.
- C. The ANI recipient or its designated billing agent is prohibited from utilizing ANI information to establish marketing lists or to conduct outgoing marketing calls, except as permitted by the preceding paragraph, unless the ANI recipient obtains the prior written consent of the telephone subscriber permitting the use of ANI information for such purposes. The foregoing provisions notwithstanding, no ANI recipient or its designated billing agent may utilize ANI information if prohibited elsewhere by law.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.22 Automatic Number Identification, (Cont'd.)

2.22.2 The ANI recipient or its designated billing agent is prohibited from reselling, or otherwise disclosing ANI information to any other third party for any use other than those specified above, unless the ANI recipient obtains the Customer's prior written consent to such resale or disclosure.

2.22.3 Violation of any of the foregoing terms and conditions by any ANI recipient other than a Telephone Corporation shall result, after determination through the Commission's complaint process, in suspension of the transmission of ANI by the Telephone Corporation until such time as the violations have ceased or have been corrected. If the Commission determines that there have been three or more separate violations in a 24 month period, the delivery of ANI to the offending party shall be terminated under the terms and conditions determined by the Commission.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.23 Emergency/Crisis/Disaster Restoration and Provisioning Telecommunications Service Priority

2.23.1 General

- A. The Telecommunications Service Priority (TSP) Program is a federal program used to identify and prioritize telecommunications services that support national security or emergency preparedness (NS/EP) missions.

NS/EP services are defined as those telecommunications services which are used to maintain a state of readiness or respond to and manage any event or crisis which causes or could cause injury or harm to the population, damage or loss to property, or degrades or threatens the NS/EP posture of the United States.

TSP restoration and/or provisioning shall be provided in accordance with Part 64, Appendix A of the Federal Communications Commission's Rules and Regulations (47 C.F.R.), and the "Service Vendor Handbook For The Telecommunications Service Priority (TSP) Program" and the "Service User Manual for the Telecommunications Service Priority (TSP) System" (NCS Manual 3-1-1) (Service User Manual) issued and updated as necessary by the Office of Priority Telecommunications (OPT) of the National Communications System. Any changes to or reissuance of these regulations or manuals supersede tariff language contained herein.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

---

LOCAL EXCHANGE SERVICES TARIFF

---

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.23 Emergency/Crisis/Disaster Restoration And Provisioning Telecommunications Service Priority, (Cont'd.)

2.23.1 General, (Cont'd.)

B. The TSP program has two components, restoration and provisioning.

1. A restoration priority is applied to new or existing telecommunications services to ensure restoration before any other services during a service outage. TSP restoration priorities must be requested and assigned before a service outage occurs.
2. A provisioning priority is obtained to facilitate priority installation of new telecommunications services during a service outage. Provisioning on a priority basis becomes necessary when an end-user has an urgent requirement for a new NS/EP service that must be installed immediately or by a specific due date that can be met only by a shorter than standard or expedited Company provisioning time frame. As a matter of general practice, existing TSP services will be restored before provisioning new TSP services.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

---

---

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.23 Emergency/Crisis/Disaster Restoration And Provisioning Telecommunications Service Priority, (Cont'd.)

## 2.23.2 TSP Request Process

## A. Restoration

To request a TSP restoration priority assignment, a prospective TSP user must:

1. Determine that the user's telecommunications service supports an NS/EP function under one of the following four TSP categories.

National Security Leadership  
National Security Posture and U.S. Population Attack Warning  
Public Health, Safety, and Maintenance of Law and Order  
Public Welfare and Maintenance of National Economic Posture

2. Identify the priority level to be requested for the telecommunications service. The priority level is determined by the end-user's TSP category and service profile. The service profile defines the user's level of support to the portion of the telecommunications service that the user owns and operates, such as Customer premises equipment or wiring. The five levels of priority and seven element groups that define the service profile are contained in the Service User Manual.
3. Complete the TSP Request for Service Users form (SF 315) available on the National Communications System (NCS) website (<http://tsp.ncs.gov/>).

Issue Date: June 18, 2008

Effective Date: July 18, 2008

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.23 Emergency/Crisis/Disaster Restoration And Provisioning Telecommunications Service Priority, (Cont'd.)

2.23.2 TSP Request Process, (Cont'd.)

A. Restoration, (Cont'd.)

4. For non-federal users, have their TSP requests approved by a federal agency sponsor. Non-federal users should contact the OPT, at the NCS website (<http://tsp.ncs.gov/>), for information on identifying a sponsor for TSP requests.
5. Submit the SF 315 to the OPT.
6. Upon receipt of the TSP Authorization Code from the OPT, notify the Company, and include the TSP Authorization Code in any service order to the Company requesting restoration of NS/EP services.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

---

LOCAL EXCHANGE SERVICES TARIFF

---

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.23 Emergency/Crisis/Disaster Restoration And Provisioning Telecommunications Service Priority, (Cont'd.)

2.23.2 TSP Request Process, (Cont'd.)

B. Provisioning

To request a TSP provisioning priority assignment, a prospective TSP user must follow the same steps listed in 2.23.2.A above for restoration priority assignment except for the following differences. The user should:

Certify that its telecommunications service is an Emergency service. Emergency services are those that support one of the NS/EP functions listed in 2.23.2.A.1 above and are so critical that they must be provisioned at the earliest possible time, without regard to cost to the user.

Verify that the Company cannot meet the service due date without a TSP assignment.

Obtain approval from the end-user's invocation official to request a provisioning priority. Invocation officials are designated individuals with the authority to request TSP provisioning for a telecommunications service, and include the head or director of a federal agency, commander of a unified/specified military command, chief of a military service, commander of a major military command, or state governor.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.23 Emergency/ Crisis/ Disaster Restoration And Provisioning Telecommunications Service Priority, (Cont'd.)

2.23.3 Responsibilities of the End-User

End-users or entities acting on their behalf must perform the following:

- A. Identify telecommunications services requiring priority.
- B. Request, justify, and revalidate all priority level assignments. Revalidation must be completed every 2 years, and must be done before expiration of the end-user's TSP Authorization Code(s).
- C. Accept TSP services by the service due dates.
- D. Have Customer Premises Equipment (CPE) and Customer Premises Wiring (CPW) available by the requested service due date and ensure (through contractual means or otherwise) priority treatment for CPE and CPW necessary for end-to-end service continuity.
- E. Pay the Company any authorized costs associated with priority services.
- F. Report to the Company any failed or unusable services with priority levels.
- G. Designate a 24-hour point of contact for each TSP request and apprise the OPT.
- H. Cooperate with the OPT during reconciliation (comparison of NS/EP service information and resolution of any identified discrepancies) and revalidation.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.23 Emergency/Crisis/Disaster Restoration And Provisioning Telecommunications Service Priority, (Cont'd.)

2.23.4 Responsibilities of the Company

The Company will perform the following:

- A. Provide TSP service only after receipt of a TSP authorization code.
- B. Revoke TSP services at the direction of the end-user or OPT.
- C. Ensure that TSP Program priorities supersede any other telecommunications priority that may be provided (other than control services and order wires).
- D. Designate a 24-hour point of contact to receive reports of TSP service outages from TSP service users.
- E. Designate a 24-hour point of contact to coordinate TSP processes with the OPT.
- F. Confirm completion of TSP service order activity to the OPT.
- G. Participate in reconciliation of TSP information at the request of the OPT.
- H. Ensure that all subcontractors complete reconciliation of TSP information with the service vendor.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.23 Emergency/Crisis/Disaster Restoration And Provisioning Telecommunications Service Priority, (Cont'd.)

## 2.23.4 Responsibilities of the Company, (Cont'd.)

- I. Ensure that other carriers supplying underlying facilities are provided information necessary to implement priority treatment of facilities that support NS/EP services.
- J. Assist in ensuring that priority level assignments of NS/EP services are accurately identified "end-to-end" by providing to subcontractors and interconnecting carriers the restoration priority level assigned to a service.
- K. Disclose content of the NS/EP TSP database only as may be required by law.
- L. Comply with regulations and procedures supplemental to and consistent with guidelines issued by the OPT.

## 2.23.5 Preemption

When spare facilities are not available, it may be necessary for the Company to preempt the facilities required to provision or restore a TSP service. When preemption is necessary, non-TSP services may be preempted based on the Company's best judgment. If no suitable spare or non-TSP services are available, the Company may preempt an existing TSP service to restore a TSP service with a higher restoration priority assignment. When preemption is necessary, prior consent of the service user whose service will be preempted is not required; however, the Company will make every reasonable effort to notify the preempted Customer of the action to be taken.

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.25 Government Emergency Telecommunications Service (GETS)

## 2.25.1 Description of Service

The Government Emergency Telecommunication service (GETS) provides authorized federal government end users with a National Security and Emergency Preparedness (NS/EP) switched voice and data communications service utilizing the public switched network through a special code(s) in the Company's end offices. Access is accomplished through the use of the 710 non-geographical Numbering Plan Area (NPA). GETS is activated at the request of the federal government or its authorized agent. GETS facilities may not be used for non-national security or non-emergency government telecommunications, non-GETS services or by unauthorized end users. A one hundred percent (100%) PIU factor will apply to GETS access minutes and nonrecurring charges.

## 2.25.1 GETS Service Area

GETS is available in all areas where facilities permit. The 710 non-geographical NPA will be opened in all areas in which GETS is available.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.25 Government Emergency Telecommunications Service (GETS), (Cont'd.)

## 2.25.3 GETS Features

## A. Alternate Carrier Routing (ACR)

Company does not provide GETS ACR functionality.

## B. Calling Party Number (CPN)

Company does not provide GETS CPN functionality.

## C. High Probability of Completion (HPC)

1. GETS High Probability of Completion (HPC) provides GETS users with enhanced routing priority in the public switched network. HPS significantly improves the completion of GETS NS/EP calls under severe network congestion and damage conditions, including, but not limited to natural disasters and national emergencies.

2. The HPC feature sets the call priority value and provides the capability to queue the GETS NS/EP access call against a busy Switched Access trunk group in a route list until a member of that trunk group become idle. As soon as a trunk group member becomes idle, it is offered to the queued GETS NS/EP access call before any other calls are processed.

Calls processed through the HPC feature will be exempt from the following restrictive network management controls:

- a. Cancel To (CANT): CANT prevents a specified percentage of calls from accessing a trunk group and normally leads to final treatment.
- b. Cancel From (CANF) when set at less than 100%: CANF prevents a specified percentage of calls from overflowing a trunk group.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

---

LOCAL EXCHANGE SERVICES TARIFF

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.25 Government Emergency Telecommunications Service (GETS), (Cont'd.)

## 2.25.3 GETS Features, (Cont'd.)

## C. High Probability of Completion (HPC), (Cont'd.)

2. The HPC feature sets the call priority value and provides the capability to queue the GETS NS/EP access call against a busy Switched Access trunk group in a route list until a member of that trunk group become idle. As soon as a trunk group member becomes idle, it is offered to the queued GETS NS/EP access call before any other calls are processed., (Cont'd.)
  - c. (SKIP) when set at less than 100%: SKIP prevents a specified percentage of calls from accessing a trunk group and instead allows the call to advance to the next treatment.
  - d. Call Gap: Call Gap limits the rate of calls accepted for a specified code or to a particular number during a period of time.
  - e. Automatic Code Gap (ACG): ACG limits messaging between AIN SSPs and the AIN SCP. Although this control is an AIN control, the exemption is triggered by the HPC identify of a call.
3. The HPC feature works with Switched Access trunk groups equipped with SS7 Out of Band Signaling or with Equal Access Multifrequency Address Signaling. The HPC feature is available in specified wire centers only as negotiated between the Company and the federal government or its authorized user.
4. Company will support the switch vendor's GETS HPC Feature Set requirements, HPC Activated Features requirements and HPC Network Capabilities Requirements.
5. Company will provide GETS-specific Operational Measurements (thirty-minute office-level measurements designed for consistency with LEC operational systems and engineering practices) and Network Management Measurements (discretes and five-minute measurements, both office- and trunk-level, for use with LEC network management centers).

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.25 Government Emergency Telecommunications Service (GETS), (Cont'd.)

## 2.25.4 Maintenance and Testing

- A. Company shall maintain TQ on all trunk groups specified by the GETS agreement between the Company and the federal government.
- B. Company will support GETS Standard Service Testing requirements.
- C. Company will support GETS Remote Service Verification Process (RSVP) testing requirements.

## 2.25.5 Cancellation of Service

Prior to deployment of the GETS service, the federal government may terminate performance of work, in whole or in part, if termination is in the federal governments' best interest. The Company, upon receiving a Notice of Termination, will:

- A. immediately stop work as specified in the notice;
- B. execute no further subcontracts or orders for materials, services or facilities except to complete the continued portion of the contract;
- C. terminate all subcontracts to the extent related to work terminated;
- D. settle all outstanding liabilities and termination settlement proposals;
- E. transfer title and deliver to the federal government all work in progress, plans, information and other information which would normally be furnished to the federal government if the GETS service had been implemented;
- F. complete performance of work not terminated;
- G. protect property related to GETS service in which the federal government has an interest; and
- H. submit a final termination settlement proposal no later than one year from the effective date of termination, unless extended in writing by the federal government within the one year period.

## 2.25.6 Rates and Charges

## A. HPC Rates and Charges

Company offers all HPC features as a bundled set with the exception of RSVP and OA&M Data Collection and Delivery. These exceptions are separately priced and offered to the GETS IC as options.

HPC Service Preparation Charge                      See Current Rate Section for  
Current Rate

A one-time charge covering costs that are independent of the quantity of switches (i.e., product management, development of methods and procedures for implementation, identifying trunk groups for trunk queuing, network acceptance testing, etc.).

HPC Nonrecurring Per Switch Charge                      No Maximum Rate applies;  
see Current Rate Section for  
Current Rate

A one-time implementation charge per end office or access tandem switch (i.e., provisioning a switch to set HPC, provision Trunk Queuing on trunk groups).

HPC Monthly Recurring Per Switch Charge                      No Maximum Rate applies;  
see Current Rate Section for  
Current Rate

Firm-fixed monthly charge per end office or access tandem switch to cover ongoing costs (i.e., maintenance, standard operational readiness testing, resources utilization, etc.).

HPC Service Change Charge                      No Maximum Rate applies;  
see Current Rate Section for  
Current Rate

A one-time per switch charge for any request for HPC service configuration changes, including changes to the numbers provisioned to set HPC and Trunk Queuing parameters. This charge is independent of the number of activities included in an individual switch change request.

Issue Date: June 18, 2008

## SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

## 2.26 Additional Rules Relating to Resale of Service

All local voice services provided by the Company are intended for retail end user purposes only. The Company does not support any Customer's resale of local services to another end user that has not contracted with the Company. Unless otherwise agreed upon in writing by the Company, Customers must abide by the following requirements when purchasing any local services:

- 2.26.1 Customer must use Company-owned telephone numbers or numbers that are officially ported to the Company in connection with the Services.
- 2.26.2 The Company does not support the inclusion of individual names and/or locations for each telephone number used in connection with the Services for Emergency 911 purposes. Customer must utilize PS/ALI (Private Switch/Automatic Line Identifier) software to support each individual location for each ANI (Automatic Number Identification) transmitted by the Company to the applicable Emergency 911 PSAP (Public Safety Answering Position). The Company does not provide PS/ALI software.
- 2.26.3 The Company does not support CARE record information for each of Customer's end users and Customer must choose a single primary interexchange carrier for Customer and all of its end users. The Customer and all of its end users must utilize the same interexchange carrier.
- 2.26.4 The Company does not support the populating of the individual end user's caller name for Caller ID purposes. Only one Caller Name will be supported for each Billing Telephone Number provided to the Customer for the services purchased.
- 2.26.5 The Company does not support individual directory listings for each of the Customer's end users. Customers may only purchase directory listings that are representative of their own business name.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.26 Additional Rules Relating to Resale of Service, (Cont'd.)

2.26.6 The Company will bill only Customer for both Customer's and its end users use of the Services. Usage may be detailed by Billing Telephone Number (BTN), but the Company will not bill Customer's end users for the Services nor does the Company provide billing media to assist Customer in billing its end users.

2.26.7 The Company does not offer GR303 protocol in connection with the Services.

2.26.8 The Company will accept trouble reports only from Customer or a Customer provided contact. Customer's end users contacting the Company will be referred back to Customer for trouble ticket management.

2.26.9 Customer agrees that all Services purchased hereunder will be subject to taxes, fees, surcharges and assessments based on Customer's use of the Services as an end user.

## 2.28 Other Rules

As a telephone utility under the regulation of the Public Service Commission of South Carolina, the Company hereby asserts and affirms that as a reseller of intrastate telecommunications service, the Company will not indulge or participate in deceptive or misleading telecommunications marketing practices to the detriment of consumers in South Carolina, and the Company will comply with those marketing procedures, in any, set forth by the Public Service Commission. Additionally, the Company will be responsible for the marketing practices of its contracted telemarketers for compliance with this provision. The Company understands that violation of this provision could result in a rule to Show Cause as to the withdrawal of its certification to complete intrastate telecommunications traffic within the state of South Carolina.

## SECTION 3 - CONNECTION CHARGES

## 3.1 Connection Charge

## 3.1.1 Description

The Connection Charge is a nonrecurring charge which applies to the following: (a) the installation of a new service; (b) the transfer of an existing service to a different location; (c) a change from one class of service to another at the same or a different location; or (d) restoral of service after suspension or termination for nonpayment. Connection Charges are listed with each service to which they apply.

## 3.1.2 Exceptions to the Charge

- A. No charge applies for a change to a service for which a lower monthly rate applies, made within 90 days after any general rate increase, if a lower grade of service is offered in the Customer's exchange.
- B. No charge applies for one change in the class of residence service, provided that the change is ordered within 90 days of the initial connection of the Customer's exchange service.
- C. The Company may from time to time waive or reduce the charge as part of a promotion.

## 3.1.3 Maximum Nonrecurring Connection Charges

Charge per Flat Business Line	\$98.00
-------------------------------	---------

Issue Date: April 20, 2009

Effective Date: April 25, 2009

SECTION 3 - CONNECTION CHARGES, (CONT'D.)

3.2 Restoration of Service

(T)

3.2.1 Description

A restoration charge applies to the restoration of suspended service and facilities because of nonpayment of bills and is payable at the time the restoration of the suspended service and facilities is arranged. The Company may require the Customer to pay a deposit prior to the restoration of the suspended service and facilities. The restoration charge does not apply when, after disconnection of service, service is later reinstalled.

3.3.2 Maximum Rate

Restoration Charges: \$98.00

(T)

Issue Date: April 20, 2009

Effective Date: April 25, 2009

## LOCAL EXCHANGE SERVICES TARIFF

## SECTION 3 - CONNECTION CHARGES, (CONT'D.)

## 3.3 Moves and Changes

## 3.3.1 Description

The Company alone may make changes in the location of its lines and equipment. When it is found that a move or change of such lines or equipment has been made by others, the Connection Charge per line for the underlying service will apply as if the work had been done by the Company. (T)

The Customer will be assessed a nonrecurring charge for any move, add or change of a Company service. Move and Change are defined as follows: (T)

Move: A change in physical location of the Customer's premises or the point of termination at the Customer's premises. Charges equal to initial installation charge may apply. (T)

Change: Any revision, redesign or other provisioning change to existing services (T)

## 3.3.2 Maximum Nonrecurring Charges

<u>Change Order</u>	<u>Nonrecurring Charge, each</u>	(C)
Switch Configuration or Feature Addition	\$98.00	
Trunk Routing Configuration	\$148.00	(C)

## SECTION 3 - CONNECTION CHARGES, (CONT'D.)

## 3.4 Inside Wire Maintenance and Installation

## 3.4.1 Terms and Conditions

The Customer may request an estimate or a firm bid before ordering wire installation work to be done. When an estimate is provided, the estimate is not binding on the Company and the charge to be billed will be based on the actual time and materials charges incurred. When a firm bid is provided at Customer request, the charge to be billed is the amount quoted to the Customer for the work requested.

Inside Wire charges apply per service call when billable premises work is performed on noncomplex premises wire and jacks. Residence and Business charges may differ. Such charges are due and payable when billed.

Noncomplex wire, jacks and materials include:

- 2 to 6 pair inside wire
- Faceplates
- RJ11C, RJ14C, RJ11W and RJ14W type station jacks
- Staples, screws, nail, tape, connectors, etc.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## SECTION 3 - CONNECTION CHARGES, (CONT'D.)

## 3.4 Inside Wire Maintenance and Installation, (Cont'd.)

## 3.4.2 Rates and Charges

The Customer may provide inside wiring for single-line station equipment or may elect to have the Company's technicians install or maintain inside wire.

## A. Inside Wire Installation Charge

Flat Installation Charges apply when a Customer requests new noncomplex wire and jack installation or requests existing noncomplex wire and jack moves, changes, removals, rearrangements, replacements or pre-wiring. Material is included in each time increment charge.

Time and Materials (per order, per premises)      ICB

## B. Inside Wire Maintenance Charge

The Flat Inside Wire Maintenance Charge applies when a Customer requests wire and jack maintenance. Material is included in the Time and Materials Charge.

Business

Time and Materials (per order, per premises)      ICB

Trouble Isolation Charge (per visit)      ICB

## SECTION 3 - CONNECTION CHARGES, (CONT'D.)

## 3.5 Primary Interexchange Carrier Change Charge

## 3.5.1 General Description

Within the first 30 days of new service, a Customer may change his or her interLATA and/or intraLATA long distance carrier at no charge. After this thirty day period, the Customer will incur a charge each time there is a change in either the interLATA or intraLATA long distance carrier associated with the Customer's line after the initial installation of service. If the Customer changes the interLATA and the intraLATA carrier on the same order, only one charge will be assessed.

## 3.5.2 Maximum Nonrecurring Charge

InterLATA Carrier Change Charge	\$8.00
IntraLATA Carrier Change Charge	\$8.00

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## SECTION 4 - SUPPLEMENTAL SERVICES

## 4.1 Business Features

## 4.1.1 General

The features in this section are provided subject to availability. Features may not be available with all classes of service. Transmission levels may not be sufficient in all cases.

## 4.1.2 Description of Features

## A. Three Way Calling

The Three Way Calling feature allows a Customer to add a third party to an existing two-way call and form a 3-way call. The call must have been originated from outside the station group and terminate to a station within the station group. The Call Hold feature allows a Customer to put any in-progress call on hold by flashing the switchhook and dialing a code. This frees the line to allow the Customer to make an outgoing call to another number. Only one call per line can be on hold at a time. The third party cannot be added to the original call.

## B. Call Forwarding

Call Forwarding, when activated, redirects attempted terminating calls to another Customer-specific line. The Customer may have to activate and deactivate the forwarding function and specify the desired terminating telephone number during each activation procedure. Call originating ability is not affected by Call Forwarding.

The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the Customer with the Call Forwarding is billed for the forwarded leg of the call.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

---

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

## 4.1 Business Features, (Cont'd.)

## 4.1.2 Description of Features, (Cont'd.)

## B. Call Forwarding, (Cont'd.)

Call Forwarding - Busy automatically reroutes an incoming call to a Customer predesignated number when the called number is busy.

Call Forwarding - Don't Answer automatically reroutes an incoming call to a Customer predesignated number when the called number does not answer within the number of rings programmed by the Company.

Call Forwarding - Variable allows the Customer to choose to reroute incoming calls to another specified telephone number. The Customer must activate and deactivate this feature.

## C. Call Waiting

Call Waiting provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in. It will also permit the Customer to place the first call on hold, answer the second call and then alternate between both callers. Cancel Call Waiting (CCW) allows a Call Waiting (CW) Customer to disable CW for the duration of an outgoing telephone call. CCW is activated (i.e., CW is disabled) by dialing a special code prior to placing a call, and is automatically deactivated when the Customer disconnects from the call.

## D. Distinctive Ringing

This feature enables a user to determine the source of an incoming call from a distinctive ring. The user may subscribe to a maximum of two additional telephone numbers.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

---

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

## 4.1 Business Features, (Cont'd.)

## 4.1.2 Description of Features, (Cont'd.)

## E. Speed Calling

This feature allows a user to dial selected numbers using one or two digits. Up to eight numbers (single digit, or thirty numbers with two digits) can be selected.

## F. Call Transfer

Call Transfer allows a Customer to receive an incoming call, then transfer the calling party to any other number.

## G. Caller ID with Number Delivery

The Caller ID feature allows a Customer to see a caller's number previewed on a display screen before the call is answered allowing a Customer to prioritize and or screen incoming calls. Caller ID records the number, date and time of each incoming call - including calls that are not answered by the Customer. Caller ID service requires the use of specialized CPE not provided by the Company. It is the responsibility of the Customer to provide the necessary CPE.

## Combined Caller ID

The Caller ID feature allows a Customer to see a caller's name and number previewed on a display screen before the call is answered allowing a Customer to prioritize and or screen incoming calls. The displayed name is the name associated with the calling party's number. Caller ID records the name, number, date and time of each incoming call - including calls that are not answered by the Customer. Caller ID service requires the use of specialized CPE - not provided by the Company. It is the responsibility of the Customer to provide the necessary CPE.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

---

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

## 4.1 Business Features, (Cont'd.)

## 4.1.2 Description of Features, (Cont'd.)

## H. Continuous Redial

The Continuous Redial feature allows a Customer to automatically redial the last number dialed. This is accomplished by the Customer activating a code. The network periodically tests the busy/free status of the called line for up to 30 minutes until both lines are found free and then redials the call for the Customer.

The Continuous Redial feature also allows Customers, having reached a busy number, to dial a code before hanging up. Continuous Redial feature then continues to try the busy number for up to 30 minutes until it becomes free. Once the busy line is free the call is automatically redialed and the Customer is notified of the connected call via a distinctive ring.

The following types of calls cannot be Continuously Redialed:

1. Calls to 800 Service numbers
2. Calls to 900 Service numbers
3. Calls preceded by an interexchange carrier access code
4. International Direct Distance Dialed calls
5. Calls to Directory Assistance
6. Calls to 911

## I. Selective Call Forwarding

Selective Call Forwarding allows a Customer to specify a special list of a maximum of fifteen (15) telephone numbers. Incoming calls placed to the Customer from telephone numbers on that list will automatically be forwarded to a predefined telephone number. All other calls will be handled normally.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

---

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

## 4.1 Business Features, (Cont'd.)

## 4.1.2 Description of Features, (Cont'd.)

## J. Selective Call Rejection

Selective Call Rejection enables a Customer to reject call attempts from up to fifteen (15) numbers by dialing a code and the telephone numbers of calls to be rejected. Any call attempts to the Customer from these numbers will be prevented from terminating to the Customer and will instead be connected to an announcement informing the caller that the call is not presently being accepted by the called party. A Customer may also reject future calls from the directory number of the most recent call received by dialing a code after completing the call.

## K. Last Call Return

The Last Call Return stores the number of the most recent incoming call (including unanswered incoming calls) to a Customer's number. This allows a Customer to dial back any missed or unanswered telephone calls. If the number dialed is busy, the Last Call Return feature continues to try the busy number for up to 30 minutes until it becomes free. Once the busy line is free the call is automatically redialed and the Customer is notified of the connected call via a distinctive ring.

## L. Priority Call

Priority Call allows a Customer to assign a maximum of fifteen (15) telephone numbers to a special list. The Customer will hear a distinctive ring when calls are received from telephone numbers on that list.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

4.1 Business Features, (Cont'd.)

4.1.2 Description of Features, (Cont'd.)

M. Calling Number Delivery

This feature allows the Customer to receive the calling party's number on its station equipment. The Customer is responsible for providing the CPE required for this feature.

N. Calling Number Transmission

This feature allows the Customer to send the calling number to the called party's station equipment. The Customer can restrict transmission through the use of Caller ID Blocking Service.

O. Calling Name Delivery

Requires suitably equipped ISDN switching and terminal equipment and allows the network to pass Calling Name information (along with the calling line identification) between multiple groups within a PRI Serving Arrangement.

P. Calling Name Transmission

This feature allows the Customer to transmit its name to the called party. The Customer may restrict calling name transmission through the use of Blocking Service.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

4.1 Business Features, (Cont'd.)

4.1.2 Description of Features, (Cont'd.)

S. Additional Trunk Group

This feature allows the Customer to divide a single facility into two or more trunk groups.

T. Call by Call

This feature allows the Customer to set inbound and outbound call thresholds on two-way PRIs so as to prevent call blockage in either direction.

U. Two B-Channel Transfer

This feature, applicable to Two-Way PRI Service, allows the Customer to receive a call on one B channel and transfer it to an external number using a second B channel. Upon transfer, both B channels are released.

V. Call Transfer for Trunks

This feature is available with two-way trunk service. It allows the Customer to receive a call on one trunk and transfer it to an external number using a second trunk. Upon transfer, both trunks release. This service may not be used for more than 20% of the Customer's traffic.

Issue Date: June 18, 2008

---

## SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

## 4.3 Busy Verification and Interrupt Service

## 4.3.1 Description

Upon request of a calling party, the Company will verify a busy condition on a called line. An operator will determine if the line is clear or in use and report to the calling party. In addition, the operator will intercept an existing call on the called line if the calling party indicates an emergency and requests interruption.

## 4.3.2 Rate Application

## A. A Verification Charge will apply when:

1. The operator verifies that the line is busy with a call in progress, or
2. The operator verifies that the line is available for incoming calls.

B. Both a Verification Charge and an Interrupt Charge will apply when the operator verifies that a called number is busy with a call in progress and the Customer requests interruption. The operator will interrupt the call advising the called party of the name of the calling party and the called party will determine whether to accept the interrupt call. Charges will apply whether or not the called party accepts the interruption.

C. No charge will apply when the calling party advises that the call is from an official public emergency agency.

## 4.3.3 Maximum Charges

Verification Charge, Each Request	\$0.60
Interrupt Charge, Each Request	\$0.68

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

## 4.4 Directory Assistance Service

## 4.4.1 General

A Customer may obtain assistance, for a charge, in determining a telephone number within the local calling area by dialing Directory Assistance. A Customer may obtain numbers outside the local calling area by dialing National Directory Assistance. A Customer can also receive assistance by writing the Company with a list of names and addresses for which telephone numbers are desired.

## 4.4.2 Regulations

A charge applies for each telephone number, area code, and/or general information requested from Directory Assistance and National Directory Assistance except as follows:

- A. Calls from coin telephones, including COCOTS.
- B. Requests for telephone numbers of non-published service.
- C. Requests in which the Directory Assistance operator provides an incorrect number. The Customer must inform the Company of the error in order to receive credit.
- D. Requests from individuals with certified visual or physical handicaps in which the handicap prevents the use of a local directory.
- E. The first five (5) calls each month, per service location, made for requests to Directory Assistance will not be charged.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

---

---

## SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

## 4.5 Operator Services

## 4.5.1 Description

Local and Long Distance calls may be completed or billed with the live or mechanical assistance by the Company's operator center. Calls may be billed collect to the called party, to an authorized 3rd party number, to the originating line, or to a valid authorized calling card. Local and Long Distance calls may be placed on a station to station basis or to a specified party (see Person to Person), or designated alternate. Usage charges for operator assisted calls are those usage charges that would normally apply to the calling party's service. In addition to usage charges, an operator assistance charge applies to each call:

## 4.5.2 Maximum Charges

	<u>Per Call</u>
Operator Dialed Calling Card	\$1.20
Customer Dialed Calling Card	\$0.50
Person-to-Person	\$2.80
3 <sup>rd</sup> Number Billed	\$1.20
Collect	\$1.20
All Other Operator Assistance	\$1.20

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

## 4.6 Blocking Service

## 4.6.1 Description

Blocking service is a feature that permits Customers to restrict access from their telephone line to various discretionary/information services. The following blocking options are available to Customers.

- A. Information Service Call Blocking: Calls placed to area code 900 and or 700 will be blocked.
- B. IntraLATA information Service Call Blocking: Calls placed to any intraLATA NXX designated as a blockable code (e.g. 971, 974, 976) will be blocked.
- C. Toll Restriction (1+ and 0+ Blocking) - provides the Customer with a method of denying access to some or all of the toll network and operator services. Toll Restriction will not block the following types of calls: 911 (Emergency) and 1 + 800 (Toll Free) calls.

The following options are available with Toll Restriction. One, all, or any combination may be selected:

- 1. "0+" restricts access to 0+ calls though the operator (IntraLATA, InterLATA and International).
- 2. "1+" restricts access to 0+ calls through the operator (IntraLATA, InterLATA and International).
- 3. "IntraLATA 0+/1+" restricts access to IntraLATA 0+/1+ calls only.
- 4. "InterLATA 0+/1+" restricts access to InterLATA 0+/1+ calls only.
- 5. "01" restricts access to operator assisted international calls only.
- 6. "011" restricts access to international direct dialed calls only.
- 7. "411" restricts calls to 411 directory assistance.
- 8. "555" restricts calls to NXX-555-1212 directory assistance.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

4.6 Blocking Service, (Cont'd.)

4.6.1 Description, (Cont'd.)

- D. Billing Restriction - Billing Restriction provides the Customer with a method of denying all third number billed and/or collect calls to a specific telephone number provided the transmitting operator checks the validation data base.

One or both the following blocking options are available:

1. Third number billed
2. Collect Call

4.6.2 Regulations

- A. The Company will not be liable for any charge incurred when any long distance carrier or alternative operator service provider accepts third number billed or collect calls.
- B. Blocking Service is available where equipment and facilities permit.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

4.8 Listings

4.8.1 Description

The following rules apply to standard listings in light face type in the white pages (alphabetical section) of the telephone directory and to the Directory Assistance records.

Only information necessary to identify the Customer is included in these listings. Abbreviations may be used in listings. A listing may be rejected if it is judged to be advertising. It may also reject a listing it judges to be objectionable. A name made up by adding a term such as Company, Shop, Agency, Works, etc. to the name of a commodity or service will not be accepted as a listing unless the Customer is legally doing business under that name.

A name may be repeated in the white pages only when only when a different address or telephone number is used.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

## 4.8 Listings, (Cont'd.)

## 4.8.2 Composition of Listings

## A. Name

## 1. Business Service

The following names may be included in business service listings:

- a. The name of Customer or joint user.
- b. The name of each business enterprise which the Customer or joint user conducts.
- c. The name by which the business of a Customer or joint user is known to the public. Only one such name representing the same general line of business will be accepted.
- d. The name of any person associated with the Customer or joint user in the same business.
- e. The name of any person, firm or organization which Customer or joint user is authorized to represent, or the name of an authorized representative of the Customer or joint user.
- f. Alternative spelling of an individual name or alternative arrangement of a business name, provided the listing, in the judgment of the Company, is not for advertising purposes.
- g. The name of a publication issued periodically by the Customer or joint user.
- h. The name of an inactive business organization in a cross-reference listing when authorized by such business or organization.
- i. The name of a member of Customer's domestic establishment when business service is furnished in the Customer's residence.
- j. The name of a corporation which is the parent or a subsidiary of the Customer.
- l. The name of a resident of a hotel, apartment house, boarding house or club which is furnished PBX service, may be included in a residence type listing with the telephone number of the PBX service.
- m. The name of the Customer to a sharing arrangement.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

## 4.8 Listings, (Cont'd.)

## 4.8.2 Composition of Listings, (Cont'd.)

## B. Designation

The purpose of a business designation is to identify the listed party and not to advertise the business. No designation of the nature of the business is included if this is sufficiently indicated by the name. Where a listed party is engaged in more than one general line of business, one additional business designation may be included in the listing when necessary to identify the listed party. When a listed party has two or more listed telephone numbers or two or more business addresses, designations indicating the branches of the organization may be included where necessary to assist the public in calling.

A designation may include a title to indicate a listed party's official position, but not the name of the firm or corporation with which the individual is connected. Individual names or titles are not shown following the name of a firm or corporation.

A term such as "renting agent" may be included in a listing indented under the name of a building, provided the agent maintains a renting office in such a building.

A designation is not ordinarily provided in a residence type listing except for residential service as permitted under the terms of this tariff. A professional designation is permitted on residence service in the case of a physician, surgeon, dentist, osteopath, chiropodist, podiatrist, optometrist, chiropractor, physiotherapist, Christian Science practitioner, veterinary surgeon, registered nurse or licensed practical nurse, provided that the same name and designation is also listed on business service of that Customer or another Customer in the same or different directory.

The listing of service in the residence of a clergyman may include the designation "parsonage," "rectory," "parish house," or "manse," and any such listing may be indented under a listing in the name of the church. Where residence service is furnished in a church study, the listing may include the designation "study."

Issue Date: June 18, 2008

Effective Date: July 18, 2008

SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

4.8 Listings, (Cont'd.)

4.8.2 Composition of Listings, (Cont'd.)

C. Address

Each residence or non-profit listing may, but does not have to, include the house number and street name of the residence where the telephone service is provided. Other information, such as a building name or a locality designation, may be included to help identify the Customer.

D. Telephone Number

Each listing may include only one telephone number, except in an alternate telephone number listing where each number listed is considered a line for rate purposes.

A listing may include only the telephone number of the first line of a PBX system or incoming service group, except that a trunk not included in the incoming service group of a PBX system, or the first trunk of a separate incoming service group of a PBX system may be listed to meet special conditions where a corporation and its subsidiaries use the same PBX system.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

4.8 Listings, (Cont'd.)

4.8.3 Types of Listings

A. Main Listing

1. Main Standard Listing

A main standard listing includes a name, designation, address and telephone number of the Customer. It appears in the White Pages of the telephone directory. The designation in the listing will be provided according to the rules in section 4.8.2.B above.

2. Additional Main Listing

An additional main listing is a main standard listing providing for a non-hunting extra-line or for the first line of each multi-line hunt group.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

## 4.8 Listings, (Cont'd.)

## 4.8.3 Types of Listings, (Cont'd.)

## B. Premium Listings

## 1. Additional Listings

Customers may arrange for additional listings, similar to the primary listing, at the additional listing rate. Listings may include abbreviated names, names which are commonly spelled several ways, rearrangements of names and nicknames by which the Customer is commonly known. All names will be included in their proper alphabetical order. If the above additional listing does not readily identify the Customer, it shall be necessary to include a line of information stating "same as" or "see" and a reference to the name contained in the main listing at the Extra Listing Line Rate. Listings will not be accepted for the purpose of securing preferential publicity or position.

## 2. Extra Listing Lines

Lines of information acceptable to the Utility may be arranged for at the rate shown in the schedule to appear in addition to a main listing for the purpose of facilitating use of the service.

## 3. Alternate Call Listings

Any listed party who has made the necessary arrangements for receiving telephone calls during his or her absence may have an alternate telephone number listing or a night listing. Such listing may be furnished as an indented listing or as a sub-caption.

The telephone number in such a listing may be that of another service furnished to the same Customer, or of one of the Customer's PBX trunks not included in the incoming service group, or of a service furnished to a different Customer.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

4.9 Non-Published Service

4.9.1 Description

Non-published service means that the Customer's telephone number is not listed in the directory, nor does it appear in the Company's Directory Assistance Records.

4.9.2 Regulations

This service is subject to the rules and regulations for E911 service, where applicable.

The Company will complete calls to a non-published number only when the caller dials direct or gives the operator number. No exceptions will be made, even if the caller says it is an emergency.

When the Company agrees to keep a number unlisted, it does so without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a non-published number in the directory or disclosing it to some. If, in error, the telephone number is published in the directory, the Company's only obligation is to credit or refund any monthly charges the Customer paid for non-published service.

The Customer indemnifies and saves the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a non-published service or the disclosing of said number to any person.

## SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

## 4.9 Non-Published Service, (Cont'd.)

## 4.9.3 Application of Rates

There is a monthly charge for each non-published service. This charges does not apply if the Customer has other listed service at the same location; if the Customer lives in a hotel, boarding house or club with listed service; or if the service is installed for a temporary period.

Other exceptions are:

- A. Public or semi-public service.
- B. Special reversed charge service.
- C. Foreign exchange service where the subscriber is also furnished exchange service from the normal central office.
- D. Where the subscriber has other listed service in the alphabetical directory for the territory in which the subscriber is located, provided the service is of the same class and in the same name.

There is a one-time nonrecurring charge for each request to move or change a listing. If the request is received after the directory publisher's deadline for such changes, an additional late charge will apply.

SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

4.10 Non-Listed Service

4.10.1 Description

Non-listed service means that the Customer's telephone number is not listed in the directory, but does it appear in the Company's Directory Assistance Records.

4.10.2 Regulations

This service is subject to the rules and regulations for E911 service, where applicable.

The Company will complete calls to a non-listed number.

When the Company agrees to keep a number unlisted, it does so without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a non-listed number in the directory or disclosing it to some. If, in error, the telephone number is listed in the directory, the Company's only obligation is to credit or refund any monthly charges the Customer paid for non-listed service.

The Customer indemnifies and saves the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a non-listed service or the disclosing of said number to any person.

4.10.3 Application of Rates

There is a monthly charge for each non-listed service. This charge applies if the Customer has other listed service at the same location; if the Customer lives in a hotel, boarding house or club with listed service; or if the service is installed for a temporary period.

## SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

## 4.16 Emergency Reroute Service

## 4.16.1 Description

Emergency Reroute Service allows the Customer to request the temporary forwarding of a telephone number to an alternate location number designated by the Customer. Emergency Reroute Service is for situations where the Customer requires incoming calls to be rerouted immediately, and on a temporary basis. Emergency Reroute Service is available on a limited basis for Line, Trunk and ISDN PRI services.

The Customer may forward up to three numbers per request. Request to forward additional numbers will be addressed on an individual case basis. An emergency reroute will remain in place for no more than 30 days from the date initiate.

The Customer is responsible for all measured or message usage or toll charges incurred in the rerouting of calls.

The Company is entitled to rely upon instructions given by telephone from a person representing himself or herself to be an authorized representative of the Customer without further verification so long as the Company has no reason to believe that such person lacks proper authority.

The Company's liability with respect to a claim or suit by a Customer, or any third party, for damages associated with Emergency Reroute Service, including, but not limited to the installation, provision, performance or non-performance of Emergency Reroute Service, shall not exceed an amount equal to the proportionate charge for Emergency Reroute Service for the period during which the service was affected.

## 4.16.2 Maximum Nonrecurring Charge

Nonrecurring Charge, Per Reroute Occurrence	\$750.00

## SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

## 4.18 N11 Dialing Service

## 4.18.1. Description

N11 Dialing Service is a three-digit local dialing arrangement (excluding 411 and 911) available in specified service areas for the delivery of information and referral services via voice grade facilities as required by state and federal regulators.

The local calling area for the rate center of the N11 service subscriber will be the same as the Company's local calling area for that rate center. N11 Dialing Service will be provided as equipment and facilities permit. N11 service is limited to use by agencies approved by applicable federal and/or state regulators.

N11 Dialing Service is delivered via regular exchange access lines, i.e., individual business lines, trunks, etc. Service is furnished subject to the availability of the N11 number.

Access to N11 Dialing Service is not available to the following services:

- 1+ Toll Services
- 101XXXX
- Credit Card
- Third-Party Billed
- Collect Calls
- Inmate Service

Operator assisted calls to the N11 subscriber will not be completed.

The N11 subscriber may not directly or indirectly sell or transfer the N11 number to an unaffiliated entity.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

LOCAL EXCHANGE SERVICES TARIFF

---

SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

4.18 N11 Dialing Service, (Cont'd.)

4.18.1 Description, (Cont'd.)

Only one seven or 10-digit local number or one 10-digit toll free number may be used as the lead number per basic local calling area.

All requests for N11 Dialing Service must be submitted in writing to the Commission.

The N11 subscriber shall respond promptly to any and all complaints lodged with any regulatory authority, such as the ORS, against any service provided via the N11 number. If requested by Company, the N11 subscriber shall assist the Company in responding to complaints made to the Company concerning the subscriber's N11 service.

Though the use of these services is free of charge, Customers who subscribe to measured or message-rated service will incur standard local usage charges when accessing N11 Dialing Services.

In no event shall the Company be liable for any losses, damages or claims of any kind arising from the provision of N11 Dialing Service or any Customer's use of such service.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

---

SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

4.19 Foreign Exchange Services

4.19.1 Description

A. General

Foreign Exchange Service allows a Customer to receive local exchange service from a rate center different from the Customer's physical location.

B. Limitations

Except as specified below, Foreign Exchange Service is furnished in conjunction with local exchange service such as PRIs or Trunks, pursuant to the applicable local tariff. Foreign Exchange Service may only be provisioned where the Company offers local exchange switched services and as facility and switch conditions permit.

The dial plan (local calling) is associated with this "foreign" rate center. The Company does not guarantee call completion to any Foreign Exchange telephone number from exchanges other than the exchange with which the telephone number is associated, even though end users in the other exchanges may have local calling plans that include calls to end users physically located in the exchange with which the Foreign Exchange telephone number is associated.

The Customer may be required to change its virtual telephone number(s) if the Company adds equipment or network components, such as a Central Office, in its serving area and transfers NXX codes into the new equipment.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 4 - SUPPLEMENTAL SERVICES, (CONT'D.)

## 4.19 Foreign Exchange Services, (Cont'd.)

## 4.19.2 Application of Rates

## A. Rate Elements

The Company's Foreign Exchange Services are offered under the configurations described below. Under all options, the Local Access Service component is priced pursuant to the applicable rate schedule. The rate elements that are applicable to Foreign Exchange service are:

- Local Access Service - the current tariffed or listed rate under which the Customer purchases local service in the home exchange.
- Foreign Exchange (FX) Premium Charge - to extend the Customer's Local Access Service beyond the Customer's home local exchange
- Interoffice Transport - the charges that apply when service is provisioned on Company-provided interoffice facilities.
- Individual Telephone Numbers - the charge for assigning multiple telephone numbers in the Foreign Exchange.

## B. Rate Changes

In the event that regulatory conditions and/or interconnection agreements affecting the Company's provision of Foreign Exchange Service change after the date of the Agreement, the Company reserves the right in its discretion, upon thirty (30) days notice to the Customer, to discontinue provisioning or increase the price of any Foreign Exchange Service subject to this rate schedule. In the event that the Customer does not accept the Company's rate increase, the Customer may discontinue the affected Foreign Exchange Service without penalty upon thirty (30) days notice to the Company.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## SECTION 5 - BUSINESS NETWORK SWITCHED SERVICES

## 5.1 General

Business Network Switched Service provide a business Customer with a connection to the Company's switching network which enables the Customer to:

- A. receive calls from other stations on the public switched telephone network;
- B. access the Company's local calling service;
- C. access the Company's operators and business office for service related assistance; access toll-free telecommunications service such as 800 NPA; and access 911 service for emergency calling; utilize three-digit 711 dialing for access to all Relay South Carolina Services; and
- D. access the service of providers of intraLATA and interexchange service. A Customer may presubscribe to such provider's service to originate calls on a direct dialed basis or to receive 800 service from such provider, or may access a provider on an ad hoc basis by dialing the provider's Carrier Identification Code (10XXX).

Business Network Switched Service is provided via one or more channels terminated at the Customer's premises. Each Business Network Switched Service channel corresponds to one or more analog, voice-grade telephonic communications channels that can be used to place or receive one call at a time.

Connection charges as described in Section 2 apply to all service on a one-time basis unless waived pursuant to this tariff.

Network services sold to qualified IBL or VersiPak® Customers may be eligible for certain discounts as specified in the following paragraphs.

To the extent facilities are available, services provided under this tariff are provided by the Company on an On-Net basis. Unless otherwise noted, pricing for services offered under this tariff reflect the On-Net price for such services. Where service is provided on an Off-Net basis, additional charges may apply.

VersiPak® Lines and Trunks

(N)

All Business Network Switched Service may be connected to Customer-provided terminal equipment such as station sets, key systems, PBX systems, or facsimile machines. Service may be arranged for two-way calling, inward calling only or outward calling only.

Network services sold to qualified Integrated Business Line and VersiPak® Customers may be eligible for certain discounts as specified in the following paragraphs.

Service is intended for end user applications with local usage not to exceed 200,000 minutes per month. Terms and conditions, rates and charges for applications exceeding 200,000 minutes of local usage per month will be determined on an individual case basis. If the Customer's actual usage exceeds 200,000 minutes of local usage per month, the Company may, upon 30 days written notice, re-calculate and adjust the monthly recurring rates to be charged to the Customer. If the Customer does not accept the adjusted rates, it may, upon notice to the Company, terminate the Service. Termination liability charges may apply as specified elsewhere in this tariff.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

SECTION 5 - BUSINESS NETWORK SWITCHED SERVICES, (CONT'D.)

5.1 General, (Cont'd.)

5.1.2 Federal Subscriber Line Charge

Line, trunk and PRI services offered pursuant to this tariff are subject to the Federal Subscriber Line Charge as described in the Company's FCC Access Tariff Number 1. The Federal Subscriber Line Charge is a monthly recurring charge. There are no exemptions associated with the product charge. Federal Subscriber Line Charge rates are posted on the Company's website at [www.twtelecom.com](http://www.twtelecom.com). Rates are subject to change. Further information regarding the Federal Subscriber Line Charge is available on the Federal Communication's website at [www.fcc.gov](http://www.fcc.gov).

Issue Date: April 20, 2009

Effective Date: April 25, 2009

## LOCAL EXCHANGE SERVICES TARIFF

## SECTION 5 - BUSINESS NETWORK SWITCHED SERVICES, (CONT'D.)

## 5.2 Basic Business Line Service

## 5.2.1 Description

Basic Business Line Service provides a Customer with a one or more analog, voice-grade telephonic communications channel that can be used to place or receive one call at a time. Basic Business Lines are provided for connection of Customer-provided single-line terminal equipment such as station sets or facsimile machines.

(D)  
|  
(D)

## 5.2.2 Flat Rate Business Line Service

## A. Description

Business Line Flat Rate service is offered in all exchanges where facilities permit. Customers will be billed a monthly rate for all calls outgoing to the local calling area.

## B. Maximum Rates and Charges

Monthly Recurring Charges, Per Line \$46.00

(D)  
(D)

	12 Month <u>Term</u>	24Month <u>Term</u>	36 Month <u>Term</u>	60Month <u>Term</u>

SECTION 5 - BUSINESS NETWORK SWITCHED SERVICES, (CONT'D.)

5.3 PBX Analog Trunk Service

5.3.1 Description

Analog PBX Trunk Service provides a Customer with a single, voice-grade telephonic communications channel which can be used to place or receive one call at a time. Analog PBX Trunk Service provides a connection from a Customer-provided PBX to the public switched telecommunications network.

Each Analog PBX Trunk can be configured as an Inward, Outward or Two-Way Trunk. Inward and Two-Way Trunks may be equipped with Individual Telephone Numbers for additional charges as set forth in Section 5.4.2. Individual Telephone Numbers allow a PBX to switch an incoming call directly to the intended extension number without the need for an attendant. (T)

Analog PBX Trunk Service may be configured into a hunt group with other Company-provided Analog PBX Trunks. (D)

(D)

The Company will consider requests for large quantities, i.e., 97 or more trunks, on an individual case basis only.

A. Flat Rate Analog PBX Trunks

Flat Rate Analog PBX Trunks (Outward, or Two-Way) provide the Customer with unlimited outward dialing within the designated local calling area at no additional charge.

Issue Date: April 20, 2009

Effective Date: April 25, 2009

## 5.4 Individual Telephone Numbers

## 5.4.1 Description

Inward Trunks, Two-Way Trunks, and PRI Service may be equipped with Direct Inward Dialing signaling capability and with Individual Telephone Numbers. This allows a PBX user to have incoming calls reach a specific end user without the assistance of an attendant. Individual Telephone Numbers pass the called numbers last two or four digits to a PBX which through translations in the Customer's PBX connects the calls to a specific station. Individual Telephone Numbers may require PBX software not provided by the Company.

Additional charges apply for the assignment of Individual Telephone Numbers.

The Company will consider requests for large quantities, i.e., 101 or more numbers, on an individual case basis only.

## SECTION 5 - BUSINESS NETWORK SWITCHED SERVICES, (CONT'D.)

## 5.5 VersiPak® IPRI Service

## 5.5.1 Description

VersiPak® IPRI is an integrated, packet-based access solution designed to deliver PRI and Internet services over a single DS-1 (1.536 Mbps) transport facility. Customers may purchase up to 22 PRI trunks (one D and 21 B) with any remaining bandwidth sold as Internet bandwidth CIR. The Internet PRI would be equal to the total of the PRI channels and the Internet CIR. The PRI trunk will consist of a single D channel and the remaining trunks will be provisioned as B channels. This is accomplished through Voice Activity Detection (VAD) and Silence Suppression, which allow bandwidth that is normally stranded during the silent portions of voice calls to be reallocated for Internet transmissions.

VersiPak® IPRI requires a minimum of 6 PRI trunks for voice (one D channel and five B channels) and 128K (two DS-0 equivalent channels) for Internet access. Internet access is offered in increments of 128K

## SECTION 5 - BUSINESS NETWORK SWITCHED SERVICES, (CONT'D.)

## 5.6 Bonded Integrated Service Offerings

## 5.6.1 VersiPak® Mach2 Service

## A. Service Description

VersiPak® Mach2 Service consists of 3.0 Mbps of Integrated voice and Internet bandwidth. Customers may purchase up to 36 equivalent voice channels with any of the remaining bandwidth sold as Internet bandwidth CIR. The voice channels may be analog (lines or trunks), digital (trunks or PRI) or a combination of both analog and digital. The OutBurst SB is an IAD that integrates voice and data services into a single shared uplink that can provide maximum efficiency by dynamically allocating bandwidth between voice and data. The SB has a built-in Fast Internet interface and three universally configurable slots. One of the slots is used for the uplink to the PPN. The other two slots can be configured for analog or digital voice. The analog voice module supports up to 12 POTS interfaces. One or two of these modules may be used in a SB. The digital voice module supports one DS1 with up to 24 DS0 channels. The voice configuration must fit within the card port capacity of the FXS, FXO and/or DS1v cards.

<u>VersiPak® Mach2</u>	<u>Minimum</u>	<u>Maximum</u>	<u>CIR</u>	<u>PIR</u>
Voice	8 channels	36 channels	N/C	N/C
Internet*	512kbps (8 channels)	2304Kbps	Customer specific	3 Mbps
Voice & Internet	36 channels	48 channels	N/C	N/C

\*Total Internet throughput is less than the actual CIR due to the bandwidth used for packet headers.

- Internet channels must be ordered in increments of 256kbps.
- Peak Information Rate (PIR) is equal to the total voice and Internet bandwidth.

## 5.6.2 VersiPak® Mach3 Service

## A. Service Description

The VersiPak® Mach3 Service consists of 4.5 Mbps of Integrated voice and Internet bandwidth. Customers may purchase up to 36 (dependent on IAD card configuration) equivalent voice channels with any of the remaining bandwidth sold as the Internet bandwidth CIR. The voice channels may be analog (lines or trunks), digital (trunks or PRI) or a combination of both and must fit the IAD card configuration. The OutBurst SB is an IAD that integrates voice and data services into a single shared uplink that can provide maximum efficiency by dynamically allocating bandwidth between voice and data. The SB has a built-in Fast Ethernet interface and three universally configurable slots. One of the slots is used for the uplink to the PPN. The other two slots can be configured for analog or digital voice. The analog voice module supports up to 12 POTS interfaces. One or two of these modules may be used in a SB. The digital voice module supports one SD1 with up to 24 DS0 channels. The voice configuration must fit within the card port capacity of the FXS, FXO and/or DS1c cards.

## 5.7 Business Terminals Service

## 5.7.1 Description

A Business Terminal is generally used in a hunting arrangement or a multi-line hunt group. The group may have a main telephone number assigned to the first terminal in the group or they may have individual telephone numbers assigned to each terminal. Common applications include modem pools and large hunting applications for analog lines. Business Terminals have a physical appearance in the switch and are assigned to a unique channel. Business Terminals may or may not have a telephone number assigned to them. Additionally, Business Lines can have separate and unique features per line whereas Business Terminals may or may not take on characteristics of the group.

## 5.10 Voice T-1 Service

## 5.10.1 Description

Voice T-1 Service allows the Customer to connect suitably-equipped Customer Premises Equipment to the Company's switching equipment using a digital transport facility. Each link is configured with 24 DS0s or channels that can be provisioned with either ISDN or non-ISDN digital signaling, depending on the CPE requirements and application needs.

Customers who select the Company as their long distance provider for interLATA and intraLATA calling, or for interLATA only will receive a monthly allowance of 5,000 long distance minutes of usage per Voice T1. Usage in excess of 5,000 will be billed at the regular tariffed rate. Customers who do not select the Company as their long distance provider are not eligible to receive the monthly allowance of 5,000 long distance minutes of usage.

Service is available as equipment and facilities permit.

## SECTION 5 - BUSINESS NETWORK SWITCHED SERVICES, (CONT'D.)

## 5.11 Automatic Reroute Service

## 5.11.1 Description

Automatic Reroute forwards incoming calls to an alternate location whenever the Company's switch does not detect a signal from the Customer's equipment. Automatic Reroute will not engage when the Company's switch is inoperable. Subject to the availability of equipment and facilities, Automatic Reroute is available on the Company's Voice T-1, VersiPak® IPRI and Analog Trunk Services.

Automatic Reroute is provisioned at the trunk group level. Incoming calls to any telephone numbers within that trunk group will forward to the alternate location. The number of call paths provisioned will be limited to the number of paths provisioned on the Customer's existing service. Similarly, the Company will not provision more call paths than the forwarding the location can accommodate. The Customer cannot set up two or more locations to reroute to each other in a closed circle location.

Automatic Reroute is not designed to be a full-time overflow option for the Customer. It is designed to be used only in true failure situations.

Usage charges apply to calls routed to an alternate location outside of the Customer's local calling area as provided in the Company's South Carolina Toll Tariff.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## 5.14 VersiPak® Lines and Trunks

(N)

## 5.14.1. Service Description

VersiPak Lines and Trunks are the voice portion of an integrated, multi-service, packet-based access service that delivers voice and data services over a single DS-1 (1.544Mbps) transport facility. On-Net VersiPak requires a minimum six (6) voice grade equivalent channels and 128K (2 DS-0 equivalent channels) for Internet Access. Internet Access CIR is offered in increments of 128K. Off –Net VersiPak requires a minimum of six (6) voice grade equivalent channels, 128K for internet access and a total of 12 channels are required. The Customer may select a combination of voice grade equivalent channels business lines analog trunks, business terminals or digital trunks) and Internet bandwidth. Configuration limitations may occur due to the technical requirements of the voice cards and customer interfaces. Signaling on both the digital and analog trunks will be wink-start. Music or Message on Hold impacts the available bandwidth or channel capacity of the service.

## 5.14.2 Maximum Rates and Charges

## A. VersiPak Business Lines or Terminals and Analog or Digital Trunks – Flat Rate

	per Line, Terminal or Trunk			
	12 Month	24 Month	36 Month	60 Month

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.2 Exchange Access Service

## 6.2.1 Description

Exchange Access Service provides a Customer with a telephonic connection to, and a unique telephone number address on the public switched telecommunications network. Each Exchange Access Service enables users to:

- A. receive calls from other stations on the public switched telecommunications network;
- B. access other services offered by the Company as set forth in this tariff;
- C. access certain interstate and international calling services provided by the Company;
- D. access (at no additional charge) the Company's operators and business office for service related assistance;
- E. access (at no additional charge) emergency services by dialing 0- or 9-1-1; and
- F. access services provided by other common carriers that purchase the Company's Switched Access services as provided under the Company's Federal and State tariffs, or that maintain other types of traffic exchange arrangements with the Company.

Each Exchange Access Service is available on a "Full" service basis, whereby service is delivered to a demarcation/Connection block at the Customer's premises.

The following Exchange Access Services are offered:

Basic Local Exchange  
Basic Exchange Analog Trunk Service  
Basic Exchange Digital Trunk Service  
DID Trunk Service

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.2 Exchange Access Service, (Cont'd.)

## 6.2.2 Basic Exchange Line Service

## A. Description

Basic Line Service provides a Customer with a single, voice-grade telephonic communications channel that can be used to place or receive one call at a time. Basic Lines are provided for connection of Customer-provided single station sets or facsimile machines to the public switched telecommunications network. Each Basic Line may be configured into a hunt group with other Company-provided Basic Lines. Each Basic Line is provided with the following standard features which can be deleted at the Customer's option:

## Touch Tone

Basic Exchange Line Service is also available with various calling features and options. Customers wishing to purchase single calling features may order those desired from Section 6.2.7 below. Nonrecurring and monthly recurring rates per Basic Line apply as follows:

## B. Rates and Charges

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.2 Exchange Access Service, (Cont'd.)

## 6.2.3 Basic Exchange Trunk Service

## A. Description

Basic Exchange Trunk Service provides a Customer with a single, voice-grade, analog telephonic communications channel that can be used to place or receive one call at a time. Basic Exchange Analog Trunks are provided for connection of Customer-provided private branch exchanges (PBX) to the public switched telecommunications network. Each Trunk is provided with touch tone signaling and may be configured into a hunt group with other Company-provided Trunks.

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.2 Exchange Access Service, (Cont'd.)

## 6.2.4 Basic Exchange Digital Trunk Service

## A. Description

Basic Exchange Digital Trunk Service provides a Customer with a digital connection operating at 1.544 Mbps that is time division multiplexed into 24 individual voice-grade telephonic communications channels, each of which can be used to place or receive one call at a time. Digital Trunks are provided for connection of compatible Customer-provided private branch exchanges (PBX) to the public switched telecommunications network. Each Digital Trunk is provided with dual tone multi-frequency (DTMF) or multi-frequency (MF) signaling, as specified by the Customer. Digital Trunks may be configured into hunt groups with other Company-provided Digital Trunks. The terminal interface for each Digital Trunk Service is a DSX-1 panel.

Basic Trunks may be equipped with Direct Inward Dial (DID) capability and DID number blocks for additional charges, as set forth in Section 6.2.5. The price shown below is based on the number of channels activated on the digital transport facility and upon the distance of the transport facility. The price shown below is based on the number of channels ordered and includes the price of transport, voice feature activation, Network Access Register charges and similar charges tariffed separately in other tariffs.

## B. Rates and Charges

Current Rates and Charges

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.2 Exchange Access Service, (Cont'd.)

## 6.2.5 DID Trunk Service

## A. Description

DID service is an optional feature which can be purchased in conjunction with Company-provided Basic Trunks or Digital Trunks. DID service transmits the dialed digits for all incoming calls allowing the Customer's PBX to route incoming calls directly to individual stations corresponding to each individual DID number. Charges for DID capability and DID number blocks apply in addition to charges specified for Basic Trunks or Digital Trunks in Sections 6.2.3 and 6.2.4, respectively.

One DID Additive charge applies for each DID-equipped Basic Trunk or DID-equipped channel on a Digital Trunk. The Customer is required to purchase at least one DID number block for each DID-equipped trunk or trunk group, or DID-equipped channel or channel group. Nonrecurring and monthly recurring rates per DID Trunk, apply as follows:

## B. Rates and Charges

Current Rates and Charges

<u>DID Trunk Service</u>	<u>Nonrecurring Charge</u>	<u>Monthly Recurring Charge</u>
Establish trunk group and first block of 20 DID numbers	\$750.00	\$3.00
Each additional block of 20	N/C	\$3.00

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.2 Exchange Access Service, (Cont'd.)

## 6.2.7 CLASS (Custom Local Area Signaling Service) Features

## A. Description

CLASS features are available to subscribers of Basic Business Exchange Line on an "a la carte" basis.

Automatic Callback - allows Customer to automatically return the last incoming call (whether the call was answered or missed. If the number being called back is busy Automatic Callback will alert Customer with a special ring when the line becomes clear.

Automatic Recall - automatically redials the telephone number of the last outgoing call. If the number being called back is busy Automatic Recall will alert Customer with a special ring when the line becomes clear.

Call Block - provides the Customer the ability to prevent incoming calls from up to six different telephone numbers.

Call Selector - provides a distinctive ringing pattern to the subscribing Customer for up to six specific telephone numbers.

Call Tracing - enables the Customer to initiate an automatic trace of the last call received.

Call Transfer - Customer presses the flash hook, receives second dialtone and dials number existing call is to be transferred to. Customer may hang-up immediately or introduce call and then hang-up.

Caller ID Name Delivery - displays the name and number of the calling party on a special display telephone or display unit.

Caller ID Number Delivery - displays the number of the calling party on a special display telephone or display unit.

Directory Number Privacy - allows Customer to prevent the their name and number from appearing on the called party's Caller ID telephone or display unit. Privacy feature must be activated by Customer on a 'call by call basis.

Preferred Call Forwarding - allows the Customer to transfer up to six selected numbers to another telephone number.

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.2 Exchange Access Service, (Cont'd.)

## 6.2.8 Business Custom Services (BCS)

## A. Description

Customers can choose from following custom services as additional features which can be added to Basic Business Line Exchange service on an "a la carte" basis.

Call Forwarding Variable - allows subscribers to redirect all incoming calls to another telephone number. This service uses a courtesy call so the Customer can notify the party at the forward to number that calls are going to be redirected to their number.

Call Forwarding Busy Line - automatically redirects incoming calls to a pre-designated telephone number or to a voice mail (FirstLine) service when the Customers line is busy.

Call Forwarding Don't Answer - automatically redirects incoming calls to a pre-designated telephone number or to a voice mail (FirstLine) service when the Customers telephone is not answered within a specified amount of time.

Remote Activation of Call Forwarding - allows the Customer to activate or deactivate Call Forwarding Variable from a telephone other than the one to which the service is assigned.

Remote Call Forwarding - automatically redirects all incoming calls to a Customers number to a pre-designated number.

Call Waiting Terminating - alerts the Customer to an incoming call while the line is in use. The service signals the Customer with two separate tones or tone patterns. The Customer is able to place the first party on hold while he/she takes the second call. The Customer can switch back and forth between the two parties by flashing the switch hook.

Cancel Call Waiting - allows the Customer to cancel the Call waiting feature on a call by call basis. This can be done before the Customer places a call or during a conversation (if the Customer also subscribes to Three Way Calling).

Issue Date: June 18, 2008

Effective Date: July 18, 2008

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.2 Exchange Access Service, (Cont'd.)

## 6.2.9 ISDN/PRI

## A. Description

ISDN PRI service provides a method of access to the telephone network called Primary Rate Interface (PRI). Primary Rate Interface is an ISDN based, DSI access link to the telecommunications network and provides integration of multiple voice and data transmission channels on the same line. The basic channel structure for PRI is twenty three (23) 64 Kbps bearer channels (B channels) and one (1) 64 Kbps data channel (D channel). These B channels may be used to connect the Customer's CPE to the Public Circuit Switched Network (i.e. outward, inward and two-way trunks, and WATS/800 Service access lines).

ISDN PRI service is a service for the transmission of digital signals only. Clear Channel Capability and Extended Superframe Format are inherent to the service. Customer Premises Equipment (CPE) that is compatible with the ISDN PRI service interface is the responsibility of the user for provisioning. The Company shall not be responsible if changes in any of the equipment, operations or procedures of the Company utilized in the provision of ISDN PRI service render any facilities provided by the Customer obsolete or require modification or alteration of such equipment or system or otherwise affect its use or performance. Digital transmission rates at speeds less than those indicated may be accomplished as a function of the particular CPE furnished by the user. Suspension of service is not allowed. Individual Case Basis pricing will be available for on-network Customers or for Customers agreeing to term plans. Busy line verification and Emergency Interrupt service is not available for ISDN PRI services.

Telephone numbers transmitted via the Incoming Call Identification feature are intended solely for the use of the ISDN PRI service subscriber. Resale of this information is prohibited by this Tariff except the callers' numbers may be provided to the subscriber's client for those calls sponsored or provided by that client where the client's identity is disclosed to the caller and the client agrees not to distribute such information to others.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

---

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.2 Exchange Access Service, (Cont'd.)

## 6.2.9 ISDN/PRI, (Cont'd.)

## A. Description, (Cont'd.)

Non-facility Associated Signaling (NFAS) provides the capability to serve multiple DSI's over a single D channel (NB+D). This feature can be ordered where switch capabilities exist as stipulated in the vendor technical documentation. When NFAS is selected, the Customer will order one ISDN PRI service arrangement with 23 B channels and 1 D channel. Additional ISDN PRI service arrangements are ordered with 24 B channels. The D channel activated on the initial arrangement serves the additional ISDN PRI service arrangements. Up to nineteen ISDN PRI configured at 24B + 0D may be ordered in conjunction with one 23B + D ISDN PRI. If the Customer desires, he/she may also request a back-up D channel with the NFAS option. It is recommended that additional D channels be provisioned in separate DSI arrangements.

## 1. Application of Rates

ISDN PRI service lines furnished between a Serving Wire Center and the Customer's premises will be charged at rates based on the first ½ miles and each additional ½ mile for the airline distance measured between the Customer's premises and the Customer's Serving Wire Center. ISDN PRI service rates under any Term Payment Plan are exempt from initiated changes for the payment period selected. Rates in effect at the time service is installed and/or of the service order application date, will be applicable until the contract expires. At the expiration date of the Customer's payment period option, the Customer may select a new payment period at current rates or revert to current rates on a month-to-month basis. ISDN features are priced at a per channel rate unless otherwise specified.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.2 Exchange Access Service, (Cont'd.)

## 6.2.9 ISDN/PRI, (Cont'd.)

## A. Description, (Cont'd.)

## 2. Service Components

The Customer may choose any number of channels, up to twenty-three per Primary Rate Interface, to be active with a corresponding number of services (i.e. inward/outward trunks, WATS Lines, 800 Service) selected. The Customer may also choose to have more services selected than channels available for specific applications. The total number of communication paths may not exceed the number of channels subscribed.

The required components of ISDN PRI service will be as follows:

Digital Loop Channels

Primary Rate Interface

Primary Rate B Channels

Call-by-Call/Integrated Service Access Feature Capability

Network Access and Usage Charges where applicable

Digital Loop Channels - Provides a four-wire access loop from the Customer premises to the serving wire center. The transmission characteristics of this loop support Clear Channel Capability and Extended Superframe Format (ESF).

Interoffice Channels - Provides for the transmission facilities between the Company's servicing wire centers with a LATA.

Primary Rate Interface - Provides multiplexing to support up to twenty-three (23) B channels at 64 Kbps and one D channel also at 64 Kbps. When Non-facility Associated Signaling (NFAS) is ordered, the PRI service can provide up to twenty-four (24) B channels at 64 Kbps.

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.2 Exchange Access Service, (Cont'd.)

## 6.2.9 ISDN/PRI, (Cont'd.)

## A. Description, (Cont'd.)

## 2. Service Components, (Cont'd.)

Primary Rate B Channels - Provides circuit switched service that will allow either voice or data transmission at up to 64 Kbps. Monthly rates for Primary Rate B Channels will be flat rate billing for all use of local exchange network. Voice calls may be completed to both ISDN and non-ISDN lines. Data transmission on the B channel will be circuit switched at 64 Kbps within the switch and between ISDN compatible central offices. ISDN interconnection to non-ISDN equipped central offices may be potentially subjected to analog transmission or sub-rated at 56 Kbps.

Call-by-Call/Integrated Service Access Feature Capability - Allows the Customers to dynamically allocate the channels of the ISDN PRI service. The Customer may also choose voice or data transmission on a per call basis. In addition, the Customer may choose to subscribe to more services than channels and dynamically change the services in use.

SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

6.3 Exchange Access Optional Features

6.3.1 Directory Listings

C. Directory Errors or Omissions

Consistent with Section 2.4.3, the Company's liability arising from any and all errors in, omissions or erroneous inclusions of directory listings shall be limited to and satisfied by a refund not exceeding the amount of the directory listing charges for such of the Customer's service as is affected during the period covered by the directory in which the error or omission occurs.

In the event of an error in or omission of a Customer directory listing from the Yellow Pages or White Pages, the Company shall, in addition to the refund, if any, and subject to the limitations provided herein, credit the Customer's basic business telephone charges, with the following credit during the service life of the directory in which the omission occurred:

Credit to Customer: \$1.00 per month

The Company shall not be liable for any act or omission of the Customer or any other company or companies with respect to errors in, omissions or erroneous inclusions of directory listings.

6.4 Local Calling Service

6.4.1 Description

Local Calling Service provides a Customer with the ability to originate calls from a Company-provided access line to all other stations on the public switched telephone network<sup>2</sup> bearing the designation of any central office exchanges, areas, and zones included in the Customer's local calling area.

- A. Basic Local Exchange Service - This calling service allows the Customer unlimited access to all other stations on the public switched telephone network within the Customer's Basic Local Calling Area. All calls to destinations outside the Basic Local Calling Area but within the same state and LATA will be charged the IntraLATA rates as specified in Section 6.5.3 following.

---

<sup>2</sup> Except calls to other telephone companies' caller paid information services (i.e. NPA 900, NXX 976, etc.). Calls to those numbers and other numbers used for caller-paid information services will be blocked by the Company's centralized switching facility.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## 6.6 Miscellaneous Services

## 6.6.1 Operator Services

## A. Description

Operator Handled Calling Services are provided to Customers and Users of Company-provided Exchange Access Services, and to Customers and Users of exchange access lines.

## B. Definitions

Person-to-Person: Calls completed with the assistance of a Company operator to a particular person, station, department, or PBX extension specified by the calling party. Charges may be billed to the Customer's commercial credit card and/or LEC calling card, calling station, called station, or a designated third-party station. Calls may be dialed with or without the assistance of a Company operator.

Station-to-Station: Refers to calls other than person-to-person calls billed to either the end user's commercial credit card and/or nonproprietary calling card. Calls may be dialed with or without the assistance of a Company operator. Collect calls to coin telephones and transfers of charges to third telephones which are coin telephones will not be accepted.

Operator Dialed Charge: The end user places the call without dialing the destination number, although the capability to do it himself exists. The end user will dial "0" for local calls and "00" for long distance calls and then request the operator to dial the called station.

Billed to Non-Proprietary Calling Card: Refers to calls that are dialed by the Customer in accordance with standard dialing instructions and billed to a non-proprietary calling card issued by another carrier.

## 6.6 Miscellaneous Services, (Cont'd.)

## 6.6.1 Operator Services, (Cont'd.)

## D. Emergency 911 Service

Universal Emergency Number 911 Services provide the general public with the means of simple and direct telephone access to Public Safety Answering Points (PSAPs) engaged in assisting local governments in protecting the safety and property of the general public.

The Telephone Company will arrange to route telephone calls from telephones with specified area codes and central office codes to a PSAP specified by the responsible local governmental authority.

Application for 911 services must be executed by one or more appropriate local governmental authorities or their duly appointed agent. If execution is by an agent, satisfactory evidence of the appointment must be provided to the Telephone Company.

Applicants for 911 services must accept responsibility for serving the entire geographic area served by the central office through which 911 calls are routed to the PSAP, even though such central office serving areas and community boundaries may not coincide.

Credits for interruptions in 911 services are based on monthly recurring charges as allowed by the Commission.

The Customer and the Telephone Company recognize that the addresses provided with the 911 Caller's Address Location System Arrangement are the same addresses that the Telephone Company maintains for its Customer records, and that neither the Customer nor the Telephone Company can guarantee the existence or accuracy of such addresses in emergency situations. Therefore, the Customer recognizes that addresses should be requested from the calling party. When the Customer becomes aware of any inaccuracies in the data associated with the 911 Caller's Address Location System Arrangement, the Customer shall promptly notify the Telephone Company, and correct the data within a reasonable time under the circumstances.

SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

6.6 Miscellaneous Services, (Cont'd.)

6.6.2 Busy Line Verify and Line Interrupt Service

A. Description

Upon request of a calling party the Company will verify a busy condition on a called line.

1. The operator will determine if the line is clear or in use and report to the calling party.
2. The operator will interrupt the call on the called line only if the calling party indicates an emergency and requests interruption.

B. Regulations

1. A charge will apply when:
  - a. The operator verifies that the line is busy with a call in progress.
  - b. The operator verifies that the line is available for incoming calls.
  - c. The operator verifies that the called number is busy with a call in progress and the Customer requests interruption. The operator will then interrupt the call, advising the called party the name of the calling party. One charge will apply for both verification and interruption.

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.6 Miscellaneous Services, (Cont'd.)

## 6.6.5 Access Recovery Charge

## A. Description

The Access Recovery Charge (ARC) is not a fixed monthly recurring charge. Rather, the ARC is a percentage of the Customer bill based on the total amount spent on services, less any taxes, surcharges or other non-qualifying fees. This fee is used to offset increased Company expenses. Specifically, the charge will recover the costs related to recent increases in our costs of gaining access to incumbent networks, decreases to the access rates we can collect from long distance carriers, and the ongoing cost of maintaining local number portability. The Company has eliminated the Local Number Portability charge as a separate line item. This fee is not a tax or charge imposed by a government entity. The ARC is calculated by application of a percentage to each Customer's total monthly recurring charges for all services (MRC). The ARC percentage to be applied will be determined by the Customer's total MRCs on its monthly invoice, based on the schedule outlined below.

## B. Access Recovery Charge:

<u>Customer Account MRC Total</u>	<u>Monthly Recurring ARC Percentage</u>
\$1000 + Accounts	1.1%
\$500 to \$999.99	3.1%
\$300 to \$499.99	5.1%
Under \$300 MRC	7.1%

SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

6.7 Special Arrangements

6.7.1 Special Construction

A. Basis for Charges

Where the Company furnishes a facility or service for which a rate or charge is not specified in the Company's tariffs, charges will be based on the costs incurred by the Company and may include:

1. nonrecurring type charges;
2. recurring type charges;
3. termination liabilities; or
4. combinations thereof.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## 6.7 Special Arrangements, (Cont'd.)

## 6.7.1 Special Construction, (Cont'd.)

## B. Termination Liability

To the extent that there is no other requirement for use by the Company, a termination liability may apply for facilities specially constructed at the request of the Customer.

1. The termination liability period is the estimated service life of the facilities provided.
2. The amount of the maximum termination liability is equal to the estimated amounts for:
  - a. Cost installed of the facilities provided including estimated costs for rearrangements of existing facilities and/or construction of new facilities as appropriate, less net salvage. Cost installed includes the cost of:
    - (1) equipment and materials provided or used,
    - (2) engineering, labor and supervision,
    - (3) transportation, and
    - (4) rights-of-way;
  - b. license preparation, processing, and related fees;
  - c. tariff preparation, processing, and related fees;
  - d. cost of removal and restoration, where appropriate; and
  - e. any other identifiable costs related to the specially constructed or rearranged facilities.

6.7 Special Arrangements, (Cont'd.)

6.7.1 Special Construction, (Cont'd.)

B. Termination Liability

3. The applicable termination liability method for calculating the unpaid balance of a term obligation. The amount of such charge is obtained by multiplying the sum of the amounts determined as set forth in Section 6.7.1.B.2 preceding by a factor related to the unexpired period of liability and the discount rate for return and contingencies. The amount determined in Section 6.7.1.B.2 preceding shall be adjusted to reflect the redetermined estimate net salvage, including any reuse of the facilities provided. This product is adjusted to reflect applicable taxes.

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.8 Inbound Direct Local Exchange Service

## 6.8.1 Description

Inbound Direct Local Exchange Service ("Inbound Direct") provides basic local exchange Customers with a single, voice grade analog channel which can be used to receive one call at a time only. All outbound calls will be blocked at the switch level. Inbound Direct may not be used for outbound service or to serve as a Customer's primary service line. A minimum order of 10 lines must be purchased.

The Inbound Direct product will be configured provisioned and priced with the hunting feature included. The hunt feature automatically forwards incoming calls to available lines according to a preprogrammed sequence. With the Inbound Direct line, the lines will be placed in a circular hunt group so all lines will be hunted. Each line, including the last line, will include hunting.

Inbound Direct service applications may include remote database access, data transmission/reception, and inbound Customer service. Basic exchange lines are provided with Inbound Direct to connect to Customer provided modem or other data communication device for connection to the public switched telephone network.

## 6.8.2 Rates and Charges

Current Rates and Charges

Inbound Direct (Inbound only line + hunting) Charleston, SC, Per Line	Monthly Recurring <u>Charge</u> \$43.00	Nonrecurring <u>Charge</u> N/C

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.9 Optional Local Exchange Services, (Cont'd.)

## 6.9.1 e.spire Local Service Plus, (Cont'd.)

## F. Expiration of Term Agreement

The Customer must notify the Company, in writing, at least 30 days prior to the expiration of services to express their desired services beyond the selected term agreement. In lieu of written notification, the Customer services will renew under the existing term agreement, i.e., a two year agreement will renew to an additional two year agreement.

## G. Termination Fees

A termination liability charge will be applicable for service rate elements provided under the e-spire Local Service Plus term payment Plan when service is cancelled prior to the end of the chosen Term Plan. The termination fee is equal to the number of months remaining under the term agreement multiplied by the monthly rate for the Services multiplied by twenty percent. The Customer is obligated to pay such charges within thirty (30) days of termination. In the event service is provided via a third party, the Customer is responsible for all cost incurred for such early termination with our service provider.

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.9 Optional Local Exchange Services, (Cont'd.)

## 6.9.2 e.spire Local Service, (Cont'd.)

## E. Expiration of Term Agreement

The Customer must notify the Company, in writing, at least 30 days prior to the expiration of services to express their desired services beyond the selected term agreement. In lieu of written notification, the Customer services will renew under the existing term agreement, i.e., a two year agreement will renew to an additional two year agreement.

## F. Termination Fees

A termination liability charge will be applicable for service rate elements provided under the e-spire Local Service term payment Plan when service is cancelled prior to the end of the chosen Term Plan. The termination fee is equal to: 1) the difference the tariffed monthly rates and the billed e-spire Local Service discounted monthly rates multiplied the number of expired months in the current term agreement, plus 2) the number of months remaining under the term agreement multiplied by the monthly rate for the Services multiplied by twenty (20) percent. The Customer is obligated to pay such charges within the Company's thirty (30) days of termination. In the event service is provided via a third party, the Customer is responsible for all cost incurred for such early termination with our service provider.

## 6.9.3 e-spire Local ISDN

e-spire Local ISDN is a total package product offering consisting of Local services with optional Long Distance service, Toll Free service, and custom calling features. This product is only available to local end user Customers of Columbia, Spartanburg and Greenville that are originating on the Company's facilities off its Columbia, Spartanburg or Greenville, South Carolina switch. Internet Service Providers (ISP) will receive inbound traffic only. Commercial End Users (Non ISPs) Customers will be provisioned for inbound and outbound traffic. The applicable rates for Outbound Calling for Commercial end User (Non ISP) Customers are specified below. Local ISDN is available under Month-to-Month, One Year, Two Year and Three Year Term Agreements. Each commitment level will be charged monthly recurring and nonrecurring rates as specified below.

## 6.9.4 Incoming FX

Incoming FX is a foreign exchange service that provides a telephone number out of a foreign central office through the end users local central office. Incoming FX offers Customers to receive incoming calls from Customers within the LCA included in the foreign exchange's NPA/NXX.

Incoming FX is offered as an optional line coding. Incoming FX will only be made available on DID trunks, Combination trunks, and Combination trunks with DID. Since Incoming FX is not an outbound calling feature, it will not be available on DOD trunks. Incoming FX is available to Customers receiving e-spire Local Service Plus or e-spire Local ISDN.

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.9 Optional Local Exchange Services, (Cont'd.)

## 6.9.5 Local Advantage

Local Advantage Service Term Plan is available to new and existing Customers receiving e-spire Local Service Plus and/or e-spire Local ISDN Commercial End User (CEU). Local Advantage Service was previously introduced as a promotional offer for e-spire Local Service Plus and e-spire Local ISDN CEU. Local Advantage Service Term Plan is designed to encourage prospects and existing Customers to purchase Long Distance. The long distance usage will generate credits that will be applied to the Customer's Local Service\*. The higher the long distance net revenue, the higher the monthly credits for Local Service\*.

New and Existing Customer's will receive Local Service monthly credits on up to 4 e.spire Local Service Plus/Local ISDN Commercial End User T-1's, DID Trunk Termination and DID Blocks. The Local Service monthly credits are based on the sliding scale net Long Distance (Interstate Intralata, Intrastate, International, Toll Free & Calling Card) usage per month, for the length of the LOCAL SERVICE PLUS/LOCAL ISDN Commercial End User Agreement.

Net Monthly Long Distance

<u>Revenue</u>	<u>Maximum Local Services Monthly Charges Waived</u>
\$2,500.00 - \$4,999.99	1 Local Service Plus
\$5,000.00 - \$7,499.99	1 Local Service Plus and 50% off 1 add'l Local Service Plus
\$7,500.00 - \$9,999.99	2 Local Service Plus and 50% off 1 add'l Local Service Plus
\$10,000.00 - \$12,499.99	3 Local Service Plus and 50% off 1 add'l Local Service Plus
\$12,500.00 or more	4 Local Service Plus and 50% off 1 add'l Local Service Plus

Existing e.spire Local Service Plus/Local ISDN CEU Customers must renew at equal to or greater than the length of their existing contract with the attached Local Advantage Addendum. Existing Customers who increase or decrease the number of Local Service Plus's must have their account updated.

---

\* - Includes e.spire Local Service Plus, Local ISDN CEU (ONLY), base component, DID Trunk Termination and DID Blocks. Initial Install Waiver Program will be honored on NRC costs. Excludes all optional features, line coding, EUCL, additional service fees, surcharges and taxes.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

6.9 Optional Local Exchange Services, (Cont'd.)

6.9.5 Local Advantage, (Cont'd.)

All other terms and conditions, of existing e-spire Local Service Plus and e-spire Local ISDN CEU agreements, not expressly modified in the Customer's Addendum remain unchanged and in full force and effect.

A. Termination Fees

A termination liability charge will be applicable for service rate elements provided under the Local Advantage Service term payment Plan when service is cancelled prior to the end of the chosen Term Plan. The termination fee is equal to the number of months remaining under the term agreement multiplied by the monthly rate for the corresponding Term agreement. The Customer is obligated to pay such charges within thirty (30) days of termination. In the event service is provided via a third party, the Customer is responsible for all cost incurred for such early termination with our service provider.

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.9 Optional Local Exchange Services, (Cont'd.)

## 6.9.7 Voice Services Term Plan Program

e-spire Voice Services Term Plan Program provides additional savings for Customers committing to a long-term relationship with the Company. This program offers credit for one-month of service at the tariffed rate to new Local Service Plus and Local ISDN-CEU end users when they contract for a one-year and two year term commitment. End users committing to three year term contracts will receive credit for two-month of service at the tariffed rate. This program is not exclusively limited to Customers that commit to one-year term plans, but all term plan offerings. The table below identifies the amount of credit and distribution for each term plan commitment.

<u>Term Commitment</u>	<u>Credit</u>	<u>Credit Distribution*</u>
1 year term commitment	1 month credit	5 <sup>th</sup> month following install
2 year term commitment	1 month credit	1 <sup>st</sup> month following install
3 year term commitment	2 months credit	1 <sup>st</sup> & 13 <sup>th</sup> month following install

\* Credits issued for the first month may be split between the first and second months invoice dependent on the date of install.

e-spire Voice Services Term Plan Program is available to new e-spire Local Service Plus and Local ISDN-CEU end users.

The terms of this Program will not be applicable for end users that terminate their contracts during the first 90 days of service.

End users who terminate their contract at any point during the term plan will be required to reimburse the Company with the full credited amount under this program in addition to early termination penalties.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

LOCAL EXCHANGE SERVICES TARIFF

---

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.9 Optional Local Exchange Services, (Cont'd.)

## 6.9.8 EZ LD Service

The EZ LD service is available to new and existing Local Service, Local Service Plus or Local ISDN CEU Customers. The EZ LD service allows Customers to enjoy a single rate for certain long distance traffic, provided the Customer meets certain usage requirements. New Local Service, Local Service Plus or Local ISDN CEU Customers must sign a service agreement for at least a 12-month term. However, for current Customers, the term commitment shall be no less than the remaining term of the current Required Product if the remaining term is greater than one (1) year.

If a Customer elects to receive the EZ LD service, the new service will be incorporated into the terms of the existing Required Product agreement, such that both services will expire concurrently. Notwithstanding, EZ LD cannot be added unless there is at least one year remaining under the existing agreement or both agreements are extended to provide service for at least a one-year term.

The EZ LD product rate is based on 3 factors:

Usage pattern - Customer's intrastate traffic shall not exceed 30% of total EZ LD traffic to qualify for the rates specified below.

EZ LD Service term period (1, 2, or 3 years)

Customer's prior usage level in which their intrastate traffic does not exceed 30% of total EZ LD traffic.

e-spire EZ LD product rate guidelines

Term Period	Previous LD usage		
	Up to \$100.00	\$101 - \$300	over \$301
1 year	\$0.055	\$0.055	\$0.049
2 year	\$0.055	\$0.049	\$0.045
3 year	\$0.049	\$0.045	\$0.045

Under the following circumstances, an EZ LD rate can be provided to Customers exceeding the 30% intrastate usage limitation:

-- Intrastate Usage between 30% and 50%. Customers with intrastate usage between 30% and 50% of total EZ LD usage may be offered an EZ LD rate of \$.055.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

LOCAL EXCHANGE SERVICES TARIFF

---

SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

6.9 Optional Local Exchange Services, (Cont'd.)

6.9.8 EZ LD Service, (Cont'd.)

A. EZ LD Conditions for service

EZ LD Customer's intrastate long distance traffic shall not exceed the percentage of their total EZ LD traffic, as specified above. In the event their traffic exceed the allowed intrastate usage in two billing months in any 12-month period, the Company reserves the right to re-rate those months intrastate minutes to \$.08 per intrastate minute or to charge \$.08 per intrastate minute for the intrastate usage in any additional month, in which the Customer's traffic exceed the 50% limit.

B. Early Termination Penalty

Withstanding anything to the contrary in article 4 of the Agreement, if the Customer decides to terminate the EZ LD Service before the end of the term, the Customer will be charged an early termination penalty equal to 4 months of average usage. The Customer's average usage will be calculated based on the average of the last two full months of usage. In the event the EZ LD agreement is terminated before two full months of service, the average usage will be calculated based on the Customer's actual usage to date.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

LOCAL EXCHANGE SERVICES TARIFF

---

SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

6.9 Optional Local Exchange Services, (Cont'd.)

6.9.9 Xspedius Complete Access, (Cont'd.)

E. Expiration of Term Agreement

Upon expiration of the initial term, the term agreement will automatically renew on a month-to-month basis at the same monthly rates.

F. Termination Fees

Consistent with the Customer's agreement, a termination liability charge will be applicable for service rate elements provided under the Complete Access term payment Plan when service is cancelled prior to the end of the chosen Term Plan. The termination fee is equal to the number of months remaining under the term agreement multiplied by the monthly rate for the Services multiplied by one hundred (100) percent. The Customer is obligated to pay such charges within thirty (30) days of termination. In the event service is provided via a third party, the Customer is responsible for all cost incurred for such early termination with our service provider.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

6.9 Optional Local Exchange Services, (Cont'd.)

6.9.11 Xspedius Complete Xpress, (Cont'd.)

E. Expiration of Term Agreement

Upon expiration of the initial term, the term agreement will automatically renew on a month-to-month basis at the same monthly rates.

F. Termination Fees

Consistent with the Customer's agreement, a termination liability charge will be applicable for service rate elements provided under the Complete Xpress term payment Plan when service is cancelled prior to the end of the chosen Term Plan. The termination fee is equal to the number of months remaining under the term agreement multiplied by the monthly rate for the Services multiplied by twenty (20) percent. The Customer is obligated to pay such charges within thirty (30) days of termination. In the event service is provided via a third party, the Customer is responsible for all cost incurred for such early termination with our service provider.

6.9.13 Xspedius Complete Dynamic, (Cont'd.)

E. Expiration of Term Agreement

Upon expiration of the initial term, the term agreement will automatically renew on a month-to-month basis at the monthly rates.

F. Termination Fees

Consistent with the Customer's agreement, a termination liability charge will be applicable for service rate elements provided under the Complete Dynamic term payment Plan when service is cancelled prior to the end of the chosen Term Plan. The termination fee is equal to the number of months remaining under the term agreement multiplied by the monthly rate for the Services multiplied by twenty (20) percent. The Customer is obligated to pay such charges within thirty (30) days of termination. In the event service is provided via a third party, the Customer is responsible for all cost incurred for such early termination with our service provider.

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.10 Disaster Routing Service\*

## 6.10.1 Description

Disaster Routing Service reroutes incoming calls to a predetermined alternate telephone number. Disaster Routing is available for Trunk and Voice T-1 service.

Disaster Routing Service reroutes incoming calls to a different location when the primary location experiences an out-of-service condition such as a result of a power outage or a wire cut that isolates the primary location from the Company.

The Customer may establish one call path or multiple call paths, with a maximum of 99 call paths per telephone number. The number of call paths determines how many simultaneous calls will be rerouted. The number of call paths selected may not exceed the number of trunks and/or channels associated with the trunk group and should be sized correctly based on the trunks and/or channels of the terminating location. Features may not work in conjunction with this service, such as Calling Name and Number Delivery.

The Customer is responsible for all measured or message usage or toll charges incurred in the rerouting of calls.

The Company's liability with respect to a claim or suit by a Customer, or any third party, for damages associated with Disaster Routing, including but not limited to the installation, provision, performance or non-performance of Disaster Routing, shall not exceed an amount equal to the proportionate charge for Disaster Routing for the period during which the service was affected.

\*This service is limited to the Company's Customers of record as of February 22, 2007.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.11 PBX Digital Trunk Service\*

## 6.11.1 Description

Digital PBX Trunk Service provides a Customer with connection to the Company switch via a DS1 digital fiber optic transmission facility operating at 1.544 Mbps. Digital PBX Trunks are provided for connection of Customer-provided PBX equipment or trunk capable key systems to the Company switch. Customers must have the ability to terminate a DS1 signal.

Each Digital PBX Trunk can be configured as an Inward, Outward or Two-Way Trunk. Inward and Two-Way Trunks may be equipped with Individual Telephone Numbers for additional charges as set forth in Section 5.2.4. Individual Telephone Numbers enable a PBX to switch an incoming call directly to the intended extension number without the need for an attendant.

Digital PBX Trunk Service may be configured into a hunt group with other Company-provided Digital PBX Trunks.

The Company will consider requests for large quantities, i.e., 97 or more trunks on an individual case basis only. Digital PBX trunks sold to qualified IBL and VersiPak® Customers may be eligible for discounted rates as indicated.

## A. Flat Rate Digital PBX Trunks

Flat Rate Digital PBX Trunks (Outward, or Two-Way) allow the Customer to place unlimited outward dialed calls within the designated local calling area at no additional charge.

\* Service is limited to the Company's Customers of record as of January 14, 2005.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.12 Primary Rate ISDN (PRI) Service\*

## 6.12.1 Description of Service

- A. Primary Rate ISDN (PRI) Service Groups allows the Customer to connect suitably equipped ISDN Customer premises equipment (CPE) to the Company's switching equipment using a Primary Rate Interface over a digital transport facility.

Each connection of 24-channel digital transport facility to the switch provides one PRI Group as set forth below. B (bearer) Channels may have a service type of Inward only, Outward only, or Two-way directionality. Individual Telephone Numbers may be associated with Inward and Two-Way service.

One or more PRI Groups can be combined to create a PRI Serving Arrangement. With each PRI Serving Arrangement, the Customer may subscribe to all Optional PRI Service Features listed below if available.

- B. Data Primary Rate ISDN (PRI) Service Groups allows Customers to connect suitably equipped ISDN Customer Premises Equipment (CPE) to the Company's switching equipment using a Primary Rate Interface, over a digital transport facility for inbound only traffic. This is non-voice service.

Each connection of a 24-channel digital transport facility to the switch provides one Primary Rate Interface or group as set forth below. B channels may have a service type of Inward only directionality. Individual Telephone Numbers may be associated with data applications. One or more Data Primary Rate ISDN (PRI) Groups can be combined to create a Data PRI serving arrangement.

\*Service is limited to the Company's Customers of record as of January 17, 2006.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.12 Primary Rate ISDN (PRI) Service\*, (Cont'd.)

## 6.12.1 Description of Service, (Cont'd.)

3. Inbound Modem Pool Service (IMPS) Primary Rate ISDN (PRI) Groups allow qualified internet service providers (ISPs) to connect suitably equipped ISDN Customer Premises Equipment (CPE) to the Company's switching equipment using a Primary Rate Interface over a digital transport facility for inbound traffic only. The Company will provide high capacity PRI service to qualified ISPs on an individual case basis.

Each connection of a 24-channel digital transport facility to the Company's switch provides one Primary Rate Interface or group as set forth below. B channels may have a service type of inward only directionality. Individual Telephone Numbers may be associated with IMPS applications. One or more IMPS PRI groups can be combined to create an IMPS PRI serving arrangement.

## 6.12.2 Availability

PRI Service is available only from suitably equipped central offices and is dependent upon facility availability as determined by the Company.

## 6.12.3 Minimum Protection Criteria

Minimum protection criteria are not specified for PRI Service because protection is inherent in the normal provisioning of service. However, the Company reserves the right to specify such criteria at a later date if appropriate.

\*Service is limited to the Company's Customers of record as of January 17, 2006.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

6.12 Primary Rate ISDN (PRI) Service\*, (Cont'd.)

6.12.4 Use of Service

- A. The Customer must provide sufficient information regarding the intended use of the service to allow the Company to furnish and maintain the requested service and to ensure that the use of the service complies with all tariff regulations.
- B. The Company shall not be responsible for the manner in which the use of the service will be allocated. Service requests that involve the establishment, rearrangement, release, or discontinuance of service will be accepted by the Company only from the Customer.
- C. The service furnished under this schedule shall not be used for any purpose or in any manner directly or indirectly in violation of the law or in aid of any unlawful act or undertaking.

\*Service is limited to the Company's Customers of record as of January 17, 2006.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.12 Primary Rate ISDN (PRI) Service\*, (Cont'd.)

## 6.12.5 Limitations

- A. PRI is available only where facilities, equipment, and operating conditions permit. The Customer is responsible for providing compatible ISDN equipment and determining compatibility of each regular and optional feature associated with its application and equipment.
- B. A PRI Service Arrangement must be configured so as to not disrupt call completion in the PRI serving central office. The Company has the right upon notice to the Customer, to change arrangements to protect network integrity.
- C. Individual B channels can transmit and receive voice and/or data calls up to 64 Kbps within a PRI Serving Arrangement. Calls placed to or from outside the PRI Serving Arrangement, or over the public switched network where SS7 Signaling and/or 64 Kbps Clear Channel capabilities are not deployed will be limited to 56 Kbps throughput.
- D. All Customer provided equipment used to interface with PRI is required to conform with the Technical Reference Specifications as used by the Company and found in the switch vendors Technical References and subsequent revisions.
- E. The Company reserves the right, in its sole discretion, and upon fifteen (15) days notice to the Customer, to discontinue provision, or increase or decrease the price of any PRI Service in the event the regulatory conditions affecting the Company's provision of PRI Service change after the Service date of the Customer. In the event the Customer does not accept the Company's rate change, the Customer may discontinue the affected PRI Service without penalty, upon fifteen (15) days written notice to the Company.

\*Service is limited to the Company's Customers of record as of January 17, 2006.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

---

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.12 Primary Rate ISDN (PRI) Service\*, (Cont'd.)

## 6.12.6 Connections

- A. All PRI connections shall be made through equipment furnished by the Customer. The responsibility of the Company shall be limited to the furnishing of service up to and including the network demarcation point on the Customer's premises. The connection of Customer-provided equipment shall be on a Company-provided standard interface or its equivalent.
- B. The Customer is responsible for testing its equipment or facilities to ensure that when connected to the Company's PRI Service, such equipment or facilities are operating properly and, further, that the cause of any service difficulty reported by the Customer to the Company results from the operation of equipment or facilities provided by the Company.

## 6.12.7 PRI Group Descriptions

- A. There are three types of PRI Group services, called Group 1, Group 2 and Group 3 as set forth below. Subject to technical limitations and operating conditions, the Company will specify how many PRI Groups can be supported by a single primary D (delta/signaling) channel.
- B. Where facilities and operating conditions permit, up to 20 PRI Groups may be combined into a single PRI Serving Arrangement and may be controlled by a single D channel.
- C. Where facilities and operating conditions permit, the Company may provide alternate facility routing through separate D channels of a PRI Service.

\*Service is limited to the Company's Customers of record as of January 17, 2006.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

---

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.12 Primary Rate ISDN (PRI) Service\*, (Cont'd.)

## 6.12.8 Types of PRI Group Services

## A. Group 1

Provide twenty-three (23) 64 Kbps B (bearer) Channels and one (1) primary 64 Kbps D (delta/signaling) channel. The B channels carry digitized Customer traffic (voice and/or data). The primary D channel is an out of band signaling channel used to control and route all of the B channel traffic of a single PRI serving Arrangement. The first group of every PRI Serving Arrangement must be a Group 1.

## B. Group 2

Provides an additional twenty-three (23) 64 Kbps B (bearer) Channels and one (1) backup 64 Kbps D (delta/signaling) channel. The B channels carry digitized Customer traffic (voice and/or data). The backup D channel will control and route all of the B channel traffic of a single PRI Serving Arrangement should the primary D channel go out of service. This group is only available in conjunction with a Group 1, and only one Group 2 may be included with each PRI Serving Arrangement. The Group 2 may be any PRI Group between the second and the twentieth PRI Group in a PRI Serving Arrangement.

The Company neither expressly nor implicitly recommends nor requires that a Customer subscribe to a Group 2, regardless of the number of PRI Groups in a single PRI Serving Arrangement.

## C. Group 3

Provides an additional twenty-four (24) 64 Kbps B (bearer) channels. This group is only available in conjunction with a Group 1. Multiple Group 3's may be associated with a Group 1 and included in a PRI Serving Arrangement.

\*Service is limited to the Company's Customers of record as of January 17, 2006.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## SECTION 6 - GRANDFATHERED SERVICES, (CONT'D.)

## 6.13 IBL/VersiPak® Service Packages\*

## 6.13.1 Description

IBL and VersiPak® packages bundle voice and internet services with discounted pre-packaged long distance plans to create a value packed solution for small to medium sized business Customers. Package voice channels may be lines or analog or digital trunks. Customers may mix voice and Internet channels in any manner they choose, as long as the total channels ordered fits within each package channel guidelines and meets the Company's IBL and VersiPak® minimum service requirements.

On-Net Customers must purchase a minimum of eight (8) total channels - six (6) voice and 128K Internet.

Off-Net Customers must purchase a total of 12 channels - six (6) voice and 128K Internet - plus four (4) additional channels that may be either voice or data as selected by the Customer.

Customers may order the Company's FlexCall packages for use in conjunction with the IBL and VersiPak® packages. FlexCall packages are located in the Company's toll tariff.

\*Service is limited to the Company's Customers of record as of July 20, 2005.

Issue Date: June 18, 2008

Effective Date: July 18, 2008

## 9. Government Emergency Telecommunications Service (Gets) (Section 2.25)

## A. HPC Rates and Charges

Company offers all HPC features as a bundled set with the exception of RSVP and OA&M Data Collection and Delivery. These exceptions are separately priced and offered to the GETS IC as options.

HPC Service Preparation Charge	\$650.00
--------------------------------	----------

A one-time charge covering costs that are independent of the quantity of switches (i.e., product management, development of methods and procedures for implementation, identifying trunk groups for trunk queuing, network acceptance testing, etc.).

HPC Nonrecurring Per Switch Charge	\$182.00
------------------------------------	----------

A one-time implementation charge per end office or access tandem switch (i.e., provisioning a switch to set HPC, provision Trunk Queuing on trunk groups).

HPC Monthly Recurring Per Switch Charge	\$30.00
---	---------

Firm-fixed monthly charge per end office or access tandem switch to cover ongoing costs (i.e., maintenance, standard operational readiness testing, resources utilization, etc.).

HPC Service Change Charge	\$150.00
---------------------------	----------

A one-time per switch charge for any request for HPC service configuration changes, including changes to the numbers provisioned to set HPC and Trunk Queuing parameters. This charge is independent of the number of activities included in an individual switch change request.

Issue Date: June 18, 2008

Effective Date: July 18, 2008
